

ANSWER KEY

(HS) The Outsiders End of Novel Exam

1. (RL 9-10.4 & 11-12.4) Explain the connotative difference between the term soc and greaser as used throughout the novel. How does Ponyboy's tone of these words change throughout the novel?

At the beginning of the novel Ponyboy is disgusted with the term soc. He clearly doesn't want anything to do with someone who falls under that label. Later in the novel as he gets to know Cherry and Randy he begins to see that socs still have problems and he begins to use the term with less hate. In contrast, Ponyboy begins using the term greaser with a lot of pride, but as he enters the final rumble, he begins to realize that he and his friends are better than the term greasers. Eventually he is faced with the idea that his own brother could be a soc and he starts to use the term with more neutrality and then chooses to remove the labels all together.

2. (RL 9-10.9 & RL 11-12.9) In what ways does Hinton draw on Robert Frost's poem "Nothing Gold Can Stay" to show similar themes?

Hinton utilizes this poem to show that nothing good will last forever and that it's important to enjoy your life in the moment despite hardships, but also to realize that the hard parts of life are just a season. Through both the poem and the novel, readers are given hope that things can get better and that if you look for the beauty and love in your life, you will be able to get through the hardest of times. The reference to this poem speaking to the main characters is also utilized by Hinton to show the value of written word. This theme is carried by the essence of the novel with Ponyboy writing *The Outsiders* to help other kids who are in a similar situation by believing that writing inspires hopes for others to be seen and heard.

3. (RL 9-10.3 & RL 11-12.3) Randy and Cherry both had strong opinions on the division of social classes and made the choice to no longer continue aiding the division in violence. How did they take different approaches? In what ways did each approach take courage and what factors helped influence their decisions?

Both Randy and Cherry decided they did not want to support their soc gang, Cherry by turning to the opposing gang and giving them information and Randy by leaving town. Randy had more freedom to leave town due to factors such as being older and a man, but it was a courageous move to leave his gang since he knew they wouldn't take well to his betrayal. Cherry was also brave in willing to help the greasers even though she was still a child and knew her parents would not approve and being a woman, her views were brushed off by the men (such as her boyfriend Bob).

4. (RL 9-10.5 & RL 11-12.5) At the end of the novel, we learn more about Ponyboy such as him being a star track athlete as well as a strong student, and school friends who are in better social standing. Why do you think Hinton waited until the end of the novel to introduce this side of Ponyboy?

Hinton builds up Ponyboy's character as a boy who doesn't quite fit in anywhere. Throughout the beginning of the novel we see him attempt to fit in to the gang, without being able to fully embrace the greaser lifestyle. By having him be on the run for their gang fight, we begin to see this view of him as a criminal, but as Ponyboy's perspective of all greasers changes, so too does the reader's perspective so that we're more open to seeing him as just a child and learning about his school side helps further aid in this view of seeing him as a child who has potential to live a successful life away from gangs.
