Winkler book confirms Professor Dr. Rex Curry's Discoveries ARE CORRECT Ian Tinny, Jairely Tripleday, Daysi Caridad, Jaisely Thimblorig, Martin M Winkler's research in The Roman Salute verifies Historian Dr Rex Curry's discoveries including 1 Adolf Hitler and Benito Mussolini borrowed their infamous salutes from the USA's Francis Bellamy The socialist Bellamy from Rome New York was the origin of the Roman Salute used later by the socialist Adolf Hitler and by the long time socialist leader Benito Mussolini which Mussolini learned when he was a socialist too 2 The Roman Salute phrase was inspired by Rome New York the hometown of Francis Bellamy author of the USA's Pledge of Allegiance and a Roman from New York who attended Rome Free Academy RFA All New York Romans were proud to hear and read of his Youth's Companion success and his lengthy Pledge of Allegiance presentation in 1892 Soon RFA was doing Bellamy's Roman salute daily 3 In 1898 New York mandated Bellamy's Roman Salute with the pledge In 1899 the Broadway play Ben Hur opened and used Bellamy's Roman salute solidifying the Bellamy Salute as the Roman Salute The Ben Hur play also exported it abroad to Germany and Italy and everywhere 4 New York City became Grand Central Station for the distribution of America's Nazi salute worldwide Pride swelled for New York's Romans and all New Yorkers and the USA As the decades passed that pride evaporated It evolved into today's deranged lying to hide American Heritage 5 The socialist Bellamy's 1892 American Nazi salute caused the painting Oath of the Horatii to be referred to as a Roman Salute beginning in 2003 and thereafter see the etymological genealogy and derivation that exposes deranged lying by modern socialists The USA's population was 134 million in 1942 when Congress changed the Roman Bellamy's Socialist Salute Almost all those millions including armed forces stationed abroad for years who helped spread Bellamy's salute were familiar with the Roman Bellamy's Socialist Salute and they knew that it was the origin of Germany's socialist salute and Italy's socialist salute adopted by the long time socialist leader Mussolini who learned the American salute when he was a socialist No Americans believed it came from a French painting The circumstances show that Congress changed the gesture because Congress knew the Roman Bellamy's Socialist Salute was the origin of Germany's socialist salute and Italy's socialist salute Many Americans ignored Congress meddling and proudly retained their salute saying That's our salute and We had it first and violent socialists abroad should

Private Law and the Employment Contract Alan Bogg, Paul S Davies, 2025-07-24 This book brings together leading scholars from private law and employment law to reflect upon private law doctrines as they relate to the employment contract Developing an interdisciplinary dialogue these contributions explore the regulatory functions of private law doctrines at the cutting edge of modern employment law Topics include the potential and limitations of private law damages the role of injunctions and specific performance the interactions between express and implied terms vicarious liability substantial performance and breach and the common law right to work The integration of scholarly perspectives from the realms of private law and employment law enriches and deepens our understanding of core private law doctrines Historically employment law was defined in terms of its autonomy from general private law This achievement of autonomy was highly prized and considered necessary to facilitate industrial freedoms for trade unions and the protection of employees from exploitation But the contractual basis of employment means that any such autonomy has always been partial and unstable Furthermore as trade unions have declined and governments have deregulated statutory employment rights private law has assumed growing practical importance in strategic appellate litigation In many common law jurisdictions private law doctrines have become the new battleground between employers workers and trade unions The essays in this book examine specific doctrinal issues against this dynamic backdrop of changing social economic and constitutional conditions While focused mainly on English law the essays also consider examples from other jurisdictions including Australia and Scotland As private law becomes the default regulation for most employment contracts in 21st century labour markets across the world this book is an essential resource for practitioners judges academics and students

Blake and the Assimilation of Chaos Christine Gallant, 2015-03-08 In all of his works Blake struggled with the question of how chaos can be assimilated into imaginative order Blake's own answer changed in the course of his poetic career Christine Gallant contends that during the ten year period of composition of Blake's first comprehensive epic *The Four Zoas* Blake's myth expanded from a closed static system to an open dynamic process She

further argues that it is only through attention to the changing pattern of Jungian archetypes in the poem that one can discern this profound change Using the depth psychology of Jung Professor Gallant presents a comprehensive interpretation of Blake s poetry from his early Lambeth prophecies to his mature works *The Four Zoas* *Milton* and *Jerusalem* She offers a Jungian critical approach that respects the work s autonomy but still suggests how literature is an ongoing imaginative experience in which archetypal symbols affect their literary contexts What interests the author is the function that the very process of mythmaking had for Blake Professor Gallant finds that the metaphysical opposition between God and Satan in Blake s earlier work gradually evolves into an interplay of these powers in the later works The quality of Chaos changes for Blake from something unknown and feared contrary to Order to something intimately known and embraced Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [Super League XIX: Historical Perspective and Tigers Diary of 2014](#) Dr John Davis,2017-03-08 The author is one of Castleford s most dedicated supporters His personal experience following the club stretches back almost fifty years In addition he has endeavoured to educate himself about the early yearsof the team s fortunes not least the achievements of the 1930s and the doldrums of the 1950s *Tourism and Sustainability* Martin Mowforth,Ian Munt,2008-09-22 If unequal opportunities are large within many countries they are truly staggering on a global scale so concludes the World Bank s 2006 World Development Report It is a global unevenness within which the barriers to in migration of Third World migrants to wealthy first world nations go ever higher whilst the barriers to travel in the reverse direction are all but extinct So how exactly can tourism contribute to narrowing this glaring inequality and gap between the rich and the poor Are ever expanding tourism markets and the new responsible forms of tourism in particular a smoke free socio culturally sensitive form of human industrialisation Is alternative tourism really a credible lever for lifting poverty stricken countries out of the mire of global inequality setting them on the right track to development and making poverty history *Tourism and Sustainability* critically explores and challenges what have emerged as the most significant universal geopolitical norms of the last half century development globalization and sustainability and through the lens of new forms of tourism demonstrates how we can better understand and get to grips with the rapidly changing new global order This third edition has been extensively updated and includes new material on poverty reduction livelihoods and pro poor tourism new forms of tourism in cities continuing growth of the fair trade movement tourism s contribution to climate change volunteer and gap tourism affect of disasters on new tourism Drawing on a range of examples from across the Third World *Tourism and Sustainability* illustrates the social economic and environmental conditions for the growth of new tourism The

book is original in its assessment of tourism through the lens of power who holds it how it is used and who benefits from the exercise of power in the tourism industry Additionally the analysis is an interdisciplinary one and the book will therefore be useful to students of Human Geography Environmental Sciences and Studies Politics Development Studies Anthropology and Business Studies as well as Tourism itself
