7 Life Lessons on the Myths

of Marriage Abu Layth,2016 Marriage Myths and Divorce Gemma Valentine,2012-03-01 Marriage Myths and Divorce gives the reader a very candid approach to today's realities facing couples who pledge to be together until death separates them. The discussions in this book are vital for those who are single and trying to find a meaningful relationship that would lead to a life time of commitment. The wisdom found in the pages of this book will help the reader to understand why women must maintain their identity and continue to pursue their goals and dreams even though they are in a committed marriage relationship. Discussions on topics such as abandonment, understanding true singleness, how to prepare for re-marriage, male characteristics, the foolish things that lonely people do, and a number of other topics will help women to understand why they are attracted to a certain type of men. This book is separated into three sections and there is a separate workbook available for group study with questions and answers that are relative to the text book. It can also be used for seminars, marriage counselling, and individual study. Section one deals with the human side of relationships with topics such as the original design and purpose of the relationship, levels of relationship infidelity after the romance is gone, getting to know yourself and guarding your heart. Section two deals with the spiritual side of relationship, the myth of singleness, the law of conscience, castration was forbidden in Israel, what happens when grace is present, generational cycles, and issues, relationships affected by darkness, issues with abandonment, the spirit realm has its issues, and many more. Section three puts a face on many important issues that this generation is faced with, such as a very important discussion on honor that men will appreciate. Other discussions are on relationships built on trust and the things that take a man's heart away from home besides the other woman. There is a discussion on the myth of same sex marriages, when love turns to idolatry, the role of fathers deceived in the name of love, and many more topics which give valuable insight into trust, wisdom, and building a relationship on a good foundation. This book is informative, hilarious, and hard hitting. It pulls the covers off the secret lives of many who are married and unhappy, married and living the life of a single person, married and living in solitary confinement, unhappy but staying in a loveless relationship because of financial security, unhappy but afraid to be alone. There are words of wisdom for everyone who would take the time to read and listen to the words of wisdom on paper.
