Yeats and the young Pound regarded him as an exemplary figure of solitary dedication to art and beauty. He called the sonnet a moment's monument and his best short lyrics are instants of oppressed emotion cut free of time. In this as in the suggestiveness of his imagery he anticipates the French Symbolists. He can also be regarded as the founder of modern verse translation not only for the freshness of his versions but also for his choice of poets Villon, Cavalcanti and the young Dante. In this selection Clive Wilmer has made a personal choice emphasizing the pure poetry of the lyrics at the expense of the more conventionally Victorian monologues and narratives. He has also included a generous selection from the translations and provided a biographical and critical introduction. *Popular British Ballads, Ancient and Modern* Reginald Brimley Johnson, 1894
