The Oh Really Factor Unspinning Fox News Channels Bill Oreilly:

The Oh Really? Factor Peter Hart, Fairness and Accuracy in Reporting, 2003-09-02 Since emerging from tabloid television infamy as the former host of Inside Edition Bill O'Reilly has taken his brand of provocative rhetoric to the next level from shock TV to the No Spin Zone. Despite his outspoken support for Bush's tax cuts and a war with Iraq and his attacks on everything from National Public Radio to welfare mothers O'Reilly fashions his program The O'Reilly Factor as without an agenda or any ideological prejudices. Presenting opposing viewpoints and likely to express views that occasionally diverge from the conservative orthodoxy O'Reilly has styled himself as a straight shooting man of the people wary of the conservative label with which liberals would tag him. In The Oh Really Factor brimming with examples of O'Reilly's error contradiction and hard right political tilt Hart exposes the No Spin Zone as little more than clever marketing. The Oh Really Factor reflects hundreds of hours of research fact checking and analysis of the same evidence O'Reilly uses to support his claims. In this concise and compelling analysis of O'Reilly's views Hart underscores this pundit's masked partisanship adversarial stance toward unions Blacks immigrants and gays and lesbians and his kid gloves treatment of the Right. Forming an important corrective The Oh Really Factor snags O'Reilly in his own spin.

The Real Axis of Evil Stephen Kaposi, 2004-09 In The Real Axis of Evil author Stephen Kaposi has utilised extensive research to provide a tough and uncompromising indictment of the US invasion of Iraq Western imperialism globalisation the Israeli treatment of the Palestinians and the Police State being created in the name of security. He reveals clearly how the mainstream media has provided a pro establishment coverage to convince people of the need for war and increased security measures that are intended to control their populations. He demolishes the facades of George W Bush and Tony Blair to reveal dangerous war makers intent on controlling the world and destroying opposition to their new Empires. He shows why Iraq has descended into chaos by revealing the extraordinary level of opposition to America not just in Iraq but around the world. The Real Axis of Evil is the necessary perspective to the sanitised pro American image the mainstream media has built to deceive people of the real world situation. The Real Axis of Evil provides the truths that the government and their media allies don't want you to know and do their best to cover up.

Fox Populism Reece Peck, 2019-01-03 Shows how Fox News appeal is based on its populist presentational style not its conservative ideological bias.

Culture Wars Roger Chapman, 2015-03-17 The term culture wars refers to the political and sociological polarisation that has characterised American society the past several decades. This new edition provides an enlightening and comprehensive A to Z ready reference now with supporting primary documents on major topics of contemporary importance for students teachers and the general reader. It aims to promote understanding and clarification on pertinent topics that too often are not adequately explained or discussed in a balanced context. With approximately 640 entries plus more than 120 primary documents supporting both sides of key issues this is a unique and defining work indispensable to informed discussions of the most timely and critical issues facing America today.
