The Orient and the Young Romantics Andrew Warren, 2014-11-06 Through close readings of major poems this book examines why the second generation Romantic poets Byron Shelley and Keats stage so much of their poetry in Eastern or Orientalized settings It argues that they do so not only to interrogate their own imaginations but also as a way of criticizing Europe's growing imperialism For them the Orient is a projection of Europe's own fears and desires It is therefore a charged setting in which to explore and contest the limits of the age's aesthetics politics and culture Being nearly always self-conscious and ironic the poets' treatment of the Orient becomes itself a twinned criticism of Romantic egotism and the Orientalism practised by earlier generations The book goes further to claim that poems like Shelley's *Revolt of Islam* Byron's *Eastern Tales* or even Keats's *Lamia* anticipate key issues at stake in postcolonial studies more generally

*Look Round for Poetry* Brian McGrath, 2022-05-17 Poetry is dead Poetry is all around us Both are trite truisms that this book exploits and challenges In his 1798 *Advertisement to Lyrical Ballads* William Wordsworth anticipates that readers accustomed to the poetic norms of the day might not recognize his experiments as poems and might signal their awkward confusion upon opening the book by looking round for poetry as if seeking it elsewhere *Look Round for Poetry* transforms Wordsworth's idiomatic expression into a methodological charge By placing tropes and figures common to Romantic and Post Romantic poems in conjunction with contemporary economic technological and political discourse *Look Round for Poetry* identifies poetry's untimely echoes in discourses not always read as poetry or not always read poetically Once one begins looking round for poetry McGrath insists one might discover it in some surprising contexts In chapters that spring from poems by Wordsworth Lucille Clifton John Keats and Percy Bysshe Shelley McGrath reads poetic examples of understatement alongside market demands for more the downturned brow as a figure for economic catastrophe Romantic cloud metaphors alongside the rhetoric of cloud computing the election of the dead as a poetical and not just a political act and poetic investigations into the power of prepositions as theories of political assembly For poetry to retain a vital power McGrath argues we need to become ignorant of what we think we mean by it In the process we may discover critical vocabularies that engage the complexity of social life all around us

**Representing and Interrogating Dueling, Caning, and Fencing during the British Romantic Period** William D. Brewer, 2025-02-21 Representing and Interrogating Dueling Caning and Fencing during the British Romantic Period examines Romantic era representations of physical interpersonal conflict and the ways in which they reflect challenge and subvert gender roles class hierarchies and racial and ethnic stereotypes Along with fictional depictions of one on one physical aggression by writers such as Mary Robinson William Godwin Walter Scott Lord Byron and Mary Shelley it considers historical accounts of honor violence While recent studies of honor disputes during the Romantic period have tended to focus on the codified formal duel this book considers other forms of physical aggression as well including unritualized duels assassinations canings public fencing bouts boxing matches and brawls William Brewer argues that many Romantic era Britons found the aristocratic chivalric code compatible with bourgeois commercial values Although the middle classes were on the ascendant during the decades before the Great Reform Bill British society continued to affirm the chivalric ideals of honor physical courage duty service loyalty and reverence toward women Romantic period representations and interrogations of physical conflict and toxic masculinity along with the affirmative portrayals in Mary Shelley's fiction of pacifistic and nurturing models of masculinity continue to resonate today and testify to the ongoing struggle to contend with and regulate interpersonal aggression

*Alimentary Orientalism* Yin Yuan, 2023-06-16 What exactly did tea sugar and opium mean in eighteenth and nineteenth century Britain Alimentary Orientalism reassesses the politics of Orientalist representation by examining the contentious debates surrounding these exotic recently popularized and literally consumable things It suggests that the interwoven discourses sparked by these commodities transformed the period's literary Orientalism and created surprisingly self reflexive ways through which British writers encountered and imagined cultural otherness Tracing exotic ingestion as a motif across a range of authors and genres this book considers how why and whither writers used scenes of eating drinking and smoking to diagnose and interrogate their own solipsistic constructions of the Orient As national and cultural boundaries became increasingly porous such self reflexive inquiries into the nature and role of otherness provided an unexpected avenue for British imperial subjectivity to emerge and coalesce

**The Routledge Companion to Romantic Women Writers** Ann R. Hawkins, Catherine S. Blackwell, E. Leigh Bonds, 2022-12-30 The Routledge Companion to Romantic Women Writers overviews critical reception for Romantic women writers from their

earliest periodical reviews through the most current scholarship and directs users to avenues of future research. It is divided into two parts. The first section offers topical discussions on the status of provincial poets on women's engagement in children's literature, the relation of women writers to their religious backgrounds, the historical backgrounds to women's orientalism and their engagement in debates on slavery and abolition. The second part surveys the life and careers of individual women, some 47 in all, with sections for biography, biographical resources, works, modern editions, archival holdings, critical reception, and avenues for further research. The final sections of each essay offer further guidance for researchers, including Signatures under which the author published and a List of Works accompanied, whenever possible, with contemporary prices and publishing formats. To facilitate research, a robust Works Cited includes all texts mentioned or quoted in the essay.

The Cumulative Book Index, 1998. A world list of books in the English language. **Cambridge Studies in Romanticism**, **The Literary World**, 1901. **Shelley and Scripture** Bryan Shelley, 1994. This is a detailed and innovative study of the use by the poet Shelley, conventionally regarded as an atheist, of ideas and imagery from the Scriptures in expressing his world view. Assessing Shelley's poetic theory and practice in relation to the Gnostic heresies of the early church period and the Enlightenment critiques of Scripture, the book shows the poet's method of biblical interpretation to be heterodox and revisionist. Shelley and Scripture draws on a deep knowledge of the Bible and of the various currents in the history of biblical exegesis and Christian typology to present a timely re-evaluation of the influence on Shelley's poetry of the language and traditions of Christianity.
