Islamic Counselling G. Hussein Rassool, 2015-07-16 Islamic counselling is a form of counselling which incorporates spirituality into the therapeutic process. Until now there has been little material available on the subject with no one agreed definition of Islamic counselling and what it involves. There has also been a rapidly growing population of Muslims in Western societies with a corresponding rise in need of psychological and counselling services. Islamic Counselling: An Introduction to theory and practice presents a basic understanding of Islamic counselling for counsellors and Islamic counsellors and provides an understanding of counselling approaches congruent with Islamic beliefs and practices from a faith based perspective.
