Rough Diamonds Hendrik Snyders, 2025-08-22 Starting in the late 19th century South African baseball has established a fascinating and multi layered history Initially established by a

small group of dedicated pioneers the sport benefited from the contributions of a diverse and multi national group of enthusiasts and opponents including sailors cricketers missionaries activists businessmen and bureaucrats Established at a time of social and political segregation the South African game eventually developed into a system of legislated racism under apartheid Through its willing participation in official race based events the sport was stripped of its innocence and South Africa was formally expelled from the world game only to be readmitted in 1992 following the country s slow transition to democracy This book presents the history of South African baseball from its inception to its liberation from apartheid Based on extensive archival research this is the first integrated history of South African baseball s eventful past , **The**

Armed Forces and American Social Change Troy Mosley,2021-10-04 The Armed Forces and American Social Change is a powerful depiction of black Americans struggle for equality told through the lens of uniformed military service Troy Mosley uses superb storytelling personal vignettes and historical examples to show how millions of Americans have lifted themselves from oppression through opportunities gleaned from military service Collectively these efforts exerted positive outward pressure on American society which by and large has resisted social change One unique aspect of combat is that rarely are Americans more equal than when thrust into harm s way It has been said there are no atheists in combat similarly racism sexism and homophobia quickly go by the wayside when under enemy fire Yet in the 19th century and well into the 21st America s military policies regarding the use of manpower could best be described as an awkward attempt to balance the requirement to win the nation s wars while supporting a socio political caste system President Harry Truman signed Executive Order 9981 on July 26 1948 in response to police violence perpetrated against black veterans His actions broke this trend and set the military on the path toward true meritocracy Today retired General Lloyd Austin is the first black American Secretary of Defense in part due to the barriers broken down by those who served before him The armed services fiercely resisted integration gender equality and LGBTQ equality but over time have grown to value America s wellspring of diversity as a strategic and operational advantage Under the Trump administration many military policies supporting transgender inclusion were reversed This reversal thrust the U S military among other institutions into the ideological tug of war that lies at the heart of present day polarization in American society This ideological divide is the crux of the public discourse surrounding Critical Race Theory America s racist and sexist past and how we contextualize our history going forward for the betterment of the nation As far as America has come we still have work to do for Truman s vision of equality of opportunity to become a reality for all Americans Join this thought provoking narrative that celebrates brave American military pioneers and challenges us all to continue pushing for a better expression of America **Physician Soldier** Michael P. Gabriel,2020-09-25 Frederick R Gabriel graduated from medical school in 1940 entered the US Army and was assigned to the newly created 39th Station Hospital His letters from the Pacific theater especially from Guadalcanal Angaur and Saipan capture the everyday life of a soldier physician His son Michael P Gabriel a professional historian has faithfully preserved

edited and annotated that correspondence to add a new dimension to our understanding of the social history of World War II which he presents here in *Physician Soldier The South Pacific Letters of Captain Fred Gabriel from the 39th Station Hospital* Like most wartime hospitals the 39th Station Hospital was positioned in a rear area and saw limited direct action And like most wartime hospitals the 39th Station Hospital spent each day confronting the injuries and casualties of frontline combat Gabriel supervised a ward and oversaw the unit's laboratory serving a hospital that provided care to four hundred patients at a time Gabriel's letters home capture this experience and more providing a revealing look into day to day life in the Pacific theater He discusses the training of medical officers and female nurses recreational activities such as Bob Hope's USO show and even his thoughts on the death of FDR the end of the war in Europe and ultimately the horrors of the atomic bomb
