world's stage *Southern Illinois Normal University Bulletin* Southern Illinois State Normal University, Southern Illinois University at Carbondale, 1902 **Art and Ethics in a Material World** Jennifer A McMahon, 2013-11-26 In this book McMahon argues that a reading of Kant's body of work in the light of a pragmatist theory of meaning and language which arguably is a Kantian legacy leads one to put community reception ahead of individual reception in the order of aesthetic relations. A core premise of the book is that neo-pragmatism draws attention to an otherwise overlooked aspect of Kant's Critique of Aesthetic Judgment and this is the conception of community which it sets forth. While offering an interpretation of Kant's aesthetic theory the book focuses on the implications of Kant's third critique for contemporary art. McMahon draws upon Kant and his legacy in pragmatist theories of meaning and language to argue that aesthetic judgment is a version of moral judgment, a way to cultivate attitudes conducive to community which plays a pivotal role in the evolution of language meaning and knowledge.

Clearinghouse Review, 1990 Counsel Misconduct before the International Criminal Court Till Gut, 2012-11-12 This is the first comprehensive study of the law governing professional misconduct by defence lawyers before the International Criminal Court. The ICC's regulatory regime was introduced in response to instances of misconduct experienced by other international and domestic criminal courts. The book first turns to how the ICC's forerunners, the International Criminal Tribunals for the former Yugoslavia and Rwanda and the Special Court for Sierra Leone, coped with misconduct often resulting in controversy. The book also looks at the approaches that have evolved in Germany and the United States reflecting the different role of defence lawyers in the civil and common law criminal justice traditions. The book offers a unique insight into the professional responsibilities of defence lawyers within the various international and national regimes. Offering practical guidance on disciplinary systems and other sanctioning mechanisms, it also explores the inherent tension at the heart of the defence lawyer's role: to ensure the human right to a fair trial, we want them to be zealous advocates for their clients; at the same time we ask them to commit themselves as officers of the court.
