Orique,2021-04-13 The Unheard Voice of Law in Bartolom de las Casas s Brev sima relaci n de la destrucci n de las Indias reinterprets Las Casas s controversial treatise as a legal document whose legal character is linked to civil and ecclesial genres of the Early Modern and late Renaissance juridical tradition Bartolom de las Casas proclaimed I have labored to inquire about study and discern the law I have plumbed the depths and have reached the headwaters The Unheard Voice also plumbs the depths of Las Casas s voice of law in his widely read and highly controversial Brev sima relaci n a legal document published and debated since the 16th century This original reinterpretation of his Very Brief Account uncovers the

The Human Voice Anne Karpf, 2011-11-07 Why has the female voice deepened over the last fifty years Who talks more men or women How can a baby in the womb distinguish between different voices The human voice is the personal and social glue that binds us and the most important sound in our lives The moment we open our mouth we leak information about our biological psychological and social status Babies use it to establish emotional ties and acquire language adults to decode mood and meaning in intimate and professional relationships Far from being rendered redundant by modern technology the human voice has enormous and enduring significance *Let This Voice Be Heard* Maurice Jackson, 2010-11-24 Anthony Benezet 1713-84 universally recognized by the leaders of the eighteenth century antislavery movement as its founder was born to a Huguenot family in Saint Quentin France As a boy Benezet moved to Holland England and in 1731 Philadelphia where he rose to prominence in the Quaker antislavery community In transforming Quaker antislavery sentiment into a broad based transatlantic movement Benezet translated ideas from diverse sources Enlightenment philosophy African travel narratives Quakerism practical life and the Bible into concrete action He founded the African Free School in Philadelphia and such future abolitionist leaders as Absalom Jones and James Forten studied at Benezet s school and spread his ideas to broad social groups At the same time Benezet s correspondents including Benjamin Franklin Benjamin Rush Abb Raynal Granville Sharp and John Wesley gave his ideas an audience in the highest intellectual and political circles In this wide ranging intellectual biography Maurice Jackson demonstrates how Benezet mediated Enlightenment political and social thought narratives of African life written by slave traders themselves and the ideas and experiences of ordinary people to create a new antislavery critique Benezet s use of travel narratives challenged proslavery arguments about an undifferentiated primitive African society Benezet s empirical evidence laid on the intellectual scaffolding provided by the writings of Hutcheson Wallace and Montesquieu had a profound influence from the high culture writings of the Marquis de Condorcet to the opinions of ordinary citizens When the great antislavery spokesmen Jacques Pierre Brissot in France and William Wilberforce in England rose to demand abolition of the slave trade they read into the

record of the French National Assembly and the British Parliament extensive unattributed quotations from Benezet's writings a fitting tribute to the influence of his work Enjoying the Operatic Voice: A Neuropsychanalytic Exploration of the Operatic Reception Experience Carlo Zuccarini, 2019-03-30 There has been a long standing and mutually informing association between psychoanalysis literature and the arts Surprisingly given the oral aural basis of the talking cure music has largely been overlooked by psychoanalysis Notably neuroscientific research investigating music reception and production has been steadily increasing in range and scope over the years However in order to avoid confounding factors empirical studies have focused primarily on non vocal music Remarkably operatic vocal music has not featured prominently in either field Yet the multi dimensional multi layered nature of opera which fuses together a number of different arts would appear to provide fertile soil for both disciplines This book aims to fill that gap providing a stepping stone for further research It leverages the individual strengths of psychoanalysis and neuroscience both separately and jointly as the inter discipline of neuropsychanalysis By combining various theories of mind with knowledge about music processing in the brain this book comprehensively examines the operatic reception experience providing an account in subjective as well as objective terms It explores the bittersweet enjoyment of operatic vocal music which can literally move an operaphile to tears The explanation for this may be found in a number of subjective dynamics that are unique to the reception of opera rather than in any distinct objective neural processes which are common to the reception of all music These subjective dynamics which are recruited during neural processing are triggered by the equally unique features of the operatic voice in combination with a number of auxiliary elements that are specific to opera This book will be of interest to academics in a broad range of science and arts disciplines related to music perception and performance such as music psychology and operatic performance It may also appeal to passionate operaphiles who wish to understand what drives their addiction **Reincarnated as a Dragon Hatchling (Light Novel) Vol. 7** Nekoko, NAJI Yanagida, 2024-07-04 As Illusia continues his quest he finds himself on a strange new island at the end of the world But this isn't just any island it's full of A rank and even L rank monsters no one has ever seen before What's more the ruins are covered in English and hiragana characters from the old world His curiosity piqued Illusia ventures deeper into the ruins determined to uncover its secrets and stumbles upon the legendary dragon king Diabolos But does Illusia's Dragon King's Son skill mean that Diabolos is his dad Musical Observer, 1925 The Comparative Hermeneutics of Rabbinic Judaism: Why this, not that?: ways not taken in the Halakhic category-formations of the Mishnah-Tosefta-Yerushalmi-Bavli Jacob Neusner, 2000 **The Musical Times and Singing-class Circular**, 1888
