Lamport, 2023-11-03 In a sense Oceania can be considered a microcosm of World Christianity Within this region are many of

the same observable trends on the global level that impact Christian life faith and witness The geography of Oceania the liquid continent is unique Christianity arrived in Australia and New Zealand in the late eighteenth century via British colonial powers Indigenous Aboriginal peoples Torres Strait Islanders and M ori peoples were dispossessed of land property rights and dignity Christianity grew by migration and conversion not always voluntary and over time became tightly intertwined with culture In the twentieth century rapid secularization moved Christianity into the private sphere and by 2020 Christian affiliation had dropped from 97 percent to 57 percent However the history of Christianity in the Pacific Islands Melanesia Micronesia and Polynesia is quite different Christianity arrived via Protestant and Catholic missionaries between the fifteenth and nineteenth centuries and grew substantially in the twentieth century largely due to indigenous Christian efforts Islanders brought Christianity to neighboring islands indigenous theologies developed and churches gradually separated from their Western mission founders One of the great success stories of World Christianity is Papua New Guinea which grew from just 4 percent Christian in 1900 to 95 percent in 2020 However growth is never the entire story Violence against women is endemic in Papua New Guinea and is often combined with accusations of witchcraft An estimated 59 percent of women have experienced physical or sexual violence in their lifetime and 48 percent in the last year As Christianity continues its shift to the global South it becomes increasingly critical to heed the experiences perspectives and theologies of Christians particularly women in the Pacific Islands
