Talk About Happy Endings:

Talking Back to Shakespeare Martha Tuck Rozett, 1994 This book is about the way in which Shakespeare's plays have inspired readers to talk back and about some of the forms such talking back can assume It is also about the way different interpretive communities including students read their cultural political and moral assumptions into Shakespeare's plays appropriating and transforming elements of plot character and verbal text while challenging what they see as the ideological premises of the plays Texts that talk back to Shakespeare pose questions offer alternatives take liberties and fill in gaps Some of the transformations discussed in Talking Back to Shakespeare challenge deeply held assumptions such as for instance that Hamlet is a tragic hero and Shylock a stereotypical grasping usurer Others invent prior or subsequent lives for Shakespeare's characters women characters in particular so as to account for their actions and imagine their lives more fully than Shakespeare chooses to do Very few of these works have received much critical attention and some are virtually unknown or forgotten Rather than a comprehensive study of Shakespeare transformations Talking Back to Shakespeare is an innovative exploration of the kinship between the kind of talking back that occurs in the classroom and the kind to be found in texts produced by writers who rewrite some of Shakespeare's most frequently taught and performed plays Such re-visioning unsettle the cultural authority of the plays and expose the accumulated lore that surrounds them to probing often irreverent scrutiny Much of the talking back comes from marginalized readers women like Lillie Wyman author of *Gertrude of Denmark* An Interpretive Romance and other nineteenth century women critics or Jewish writers like Arnold Wesker whose play *The Merchant* transforms the relationship between Antonio and Shylock Some talking back comes from an international collection of oppositional voices of the 1960s including Charles Marowitz Aime Cesaire Eugene Ionesco and Joseph Papp Talking Back to Shakespeare ranges from popular books like the recent Pulitzer Prize winning novel *A Thousand Acres* by Jane Smiley to obscure seldom read ones like Percy MacKaye's ambitious four play prequel *The Mystery of Hamlet King of Denmark* What these published texts share with student journal entries and transformations is the assumption familiar to postmodern readers that Shakespeare's plays are essentially unstable culturally determined constructs capable of acquiring new meanings and new forms By bringing together these two kinds of talking back Rozett challenges the traditional separation between critical and pedagogical inquiry that has until recently dominated English studies

presents a new account of agency and responsibility which reconciles our understanding of ourselves as moral agents with psychological research on the unconscious mind Much philosophical theorizing maintains that the exercise of morally responsible agency consists in judgment and behavior ordered by accurate reflection On such theories when human beings are able to direct their lives in the manner philosophers have dignified with the honorific agency it is because they know what they are doing and why they are doing it This understanding is compromised by quantities of psychological research on unconscious processing which suggests that accurate reflection is distressingly uncommon very often behavior is ordered by surprisingly inaccurate self awareness Thus if agency requires accurate reflection people seldom exercise agency and skepticism about agency threatens To counter the skeptical threat John M Doris proposes an alternative theory that requires neither reflection nor accurate self awareness he identifies a dialogic form of agency where self direction is facilitated by exchange of the rationalizations with which people explain and justify themselves to one another The result is a stoutly interdisciplinary theory sensitive to both what human beings are like creatures with opaque and unruly psychologies and what they need an account of agency sufficient to support a practice of moral responsibility **Pillow Talks with My Soul**

Matarasso, 2020-07-09 Whoever listens to a witness becomes a witness Elie Wiesel When Nazi occupiers arrived in Greece in 1941 it was the beginning of a horror that would reverberate through generations In the city of Salonica Thessaloniki almost 50 000 Jews were sent to Nazi concentration camps during the war and only 2 000 returned A Jewish doctor named Isaac Matarasso and his son escaped imprisonment and torture at the hands of the Nazis and joined the resistance After the city's liberation they returned to rebuild Salonica and along with the other survivors to grapple with the near total destruction of their community Isaac was a witness to his Jewish community's devastation and the tangled aftermath of grief guilt and grace as survivors returned home *Talking Until Nightfall* presents his account of the tragedy and his moving tribute to the living and the dead His story is woven together with his son Robert's memories of being a frightened teenager spared by a twist of

Specifically this book focuses on the conventions of the romantic comedy genre and how its familiar fictional world articulates issues of intimacy gender identity and interpersonal relationships Oria considers how generic conventions employed by the show affect discourses on intimacy and how interpersonal relationships at the turn of the century have not only been represented but also fashioned through a relevant popular culture text The author also explores such elements as romantic versus democratic love the representation of female sexuality and new family models With an interdisciplinary approach this book touches on many different areas including sociology psychology gender studies and media studies Aimed at a broad academic audience Talking Dirty on Sex and the City will also appeal to longtime fans who are no doubt still gossiping about the show Where the Dead Pause, and the Japanese Say Goodbye Marie Mutsuki Mockett,2014-12-22
