Dryer, Einar Tandberg-Hanssen, 2012-12-06 Informal discussions in 1977 among a number of scientists associated with solar and interplanetary physics revealed a need for a dialogue between the two often divergent groups It was clear that the latter group was dependent essentially on the sun for its raison d'être On the other hand it was also clear that the former group could benefit in its search for insight vis à vis solar activity by looking beyond the shell of the inner corona Needless to add that the combined solar interplanetary topic is relevant to astrophysics when one considers stellar winds and binary star flows It was felt therefore that a symposium was essential to bring together for the first time leading solar and interplanetary physicists from the international community to discuss and record herein their own research The fundamental physical processes underlying our own capricious star's activity can be understood only by the coupling of solar and interplanetary topics in an intimate observational and theoretical structure This book intended for active research scientists and advanced graduate students is an important step in this direction The background of solar and interplanetary dynamics is provided in Part I The Life History of Coronal Structures and Fields and Part II Coronal and Interplanetary Responses to Long Time Scale Phenomena **University of Chicago Law Review** University of Chicago Law Review, 2013-06-28 The University of Chicago Law Review's second issue of 2013 features articles and essays from internationally recognized legal and policy scholars Contents include Article Property Lost in Translation by Abraham Bell Gideon Parchomovsky Article Tiers of Scrutiny in Enumerated Powers Jurisprudence by Aziz Z Huq Article State and Federal Models of the Interaction between Statutes and Unwritten Law by Caleb Nelson Article Our Electoral Exceptionalism by Nicholas O Stephanopoulos Essay Reverse Advisory Opinions by Neal Devins Saikrishna B Prakash Review Essay The Inescapability of Constitutional Theory by Erwin Chemerinsky reviewing a new book by Judge J Harvie Wilkinson III Comment Amongst the Waives Whether Sovereign Immunity for Contractual Damages Is Waived under the Public Vessels Act or the Suits in Admiralty Act by Maria A Lanahan The University of Chicago Law Review first appeared in 1933 thirty one years after the Law School offered its first classes Since then the Law Review has continued to serve as a forum for the
