South Asia Lessons from the Anglo Gorkha War 1814 1816 seeks to understand how European colonization transformed the
organization of territory in South Asia through an examination of the territorial disputes that underlay the Anglo Gorkha War
of 1814 1816 and subsequent efforts of the colonial state to reorder its territories The volume argues that these disputes
arose out of older tribute taxation and property relationships that left their territories perpetually intermixed and with ill
defined boundaries It also seeks to describe the long drawn out process of territorial reordering undertaken by the British in
the nineteenth and twentieth centuries that set the stage for the creation of a clearly defined geographical template for the
