A Taste of Desire Beverley Kendall, 2020-03-24 Thomas Armstrong vows only the loss of his faculties could ever convince him to take Amelia Bertram under his care during her father s absence from England Sadly that loss does occur the moment Lady Amelia publicly states that rumors of his exalted sexual prowess are more fable than fact Responding like any man with an ounce of pride would he picks up the gauntlet she threw down on the ballroom floor After the death of her mother Amelia Bertram is further devastated by the withdrawal of her father s love To survive the double heartbreak she walls off her emotions Now her social faux pas finds her sharing a roof with the very man who took her place in her father s affections the man her father hopes one day to call son In the seclusion of his country estate Thomas glimpses in Amelia a vulnerability buried beneath a mountain of jealousy and pain In turn she discovers the ton s golden Greek god is more than the sum of rumor and innuendo Soon a fire ignites between them not even a deluge from the Thames can extinguish Can they set aside their plans his for revenge hers to escape to forge a love powerful enough to surmount his pride and crumble the walls surrounding her heart

Gigante, 2008-10-01 div What does eating have to do with aesthetic taste While most accounts of aesthetic history avoid the gustatory aspects of taste this book rewrites standard history to uncover the constitutive and dramatic tension between appetite and aesthetics at the heart of British literary tradition From Milton through the Romantics the metaphor of taste serves to mediate aesthetic judgment and consumerism gusto and snobbery gastronomes and gluttons vampires and vegetarians as well as the philosophy and physiology of food The author advances a theory of taste based on Milton's model of the human as consumer and digester of food words and other commodities a consumer whose tasteful subliminal self remains haunted by its own corporeality Radically rereading Wordsworth's feeding mind Lamb's gastronomical essays Byron's cannibals and other deviant diners and Kantian nausea Taste resituates Romanticism as a period that naturally saw the rise of the restaurant and the pleasures of the table as a cultural field for the practice of aesthetics DIV
