 Difficulties Submissions Bibliography **Community Series: Towards a Meaningful Instrumental Music Education.
 Methods, Perspectives, and Challenges - Volume II** Andrea Schiavio,Marja-Leena Juntunen,Dylan van der Schyff,Luc
 Nijs,2024-02-26 Trying to understand the complex interplay between effective learning and personal experience is one of the
 main challenges for instrumental music education Much of the research that focuses on effective learning outcomes often
 adopts experimental methodologies that do not allow for a thorough examination of the subjective and social processes that
 accompany each student s musical journey on the contrary contributions dedicated to the detailed analysis of the learners
 lived experience often do not offer generalizable outcomes to different types of learning and teaching *Women, Their
 Lives, and the Law* Victoria Barnes,Nora Honkala,Sally Wheeler,2023-12-14 This collection of essays honours Rosemary
 Auchmuty Professor of Law at the University of Reading UK She has fostered the study of women s academic careers and
 more politically advanced progress on gender and equality issues including same sex marriage and property law Her
 research promotes the case of feminist legal history as a way of revealing the place of women and challenging dominant
 historical narratives that cast them aside Just as Rosemary s work does the book seeks to end the marginalisation and
 exclusion of women in the legal world by including them The book begins fittingly with a discussion of Miss Bebb the woman
 whose biography Auchmuty deployed to push feminist legal history into the mainstream It turns then to a discussion of
 women known and unknown and their struggles within the legal profession offering within those chapters a critical appraisal
 of the role of history and biography as a methodology From there it moves to consider feminist perspectives and critiques of
 the dominant structures of private law This is followed by chapters that explore those who educate the legal profession
 within the academy The chapters and the collection as a whole examine areas of law that have a deep significance for women
