Small Navies Dr Deborah Sanders, Dr Ian Speller, Professor Michael Mulqueen, 2014-06-28 Whilst maritime studies tend to reflect the dominance of large navies history shows how relatively small naval forces can have a disproportionately large impact on global events From Confederate commerce raiders in the nineteenth century to Somali pirates today even the most minor of maritime forces can become a key player on a global stage Examining a broad range of examples this volume addresses the roles and activities of small navies in the past and the present at the national regional and international level In particular it focusses on the different ways in which such forces have identified and addressed national and international security challenges and the way in which they interact with other navies and security agencies In addition the collection also investigates the relationship of such navies with non governmental organisations institutions and bodies in pursuit of broader maritime goals be they political financial or environmental Adopting an interdisciplinary approach drawing on the best new research from the fields of international relations security studies strategic studies and maritime history the book examines the diversity of experience amongst different smaller navies and also establishes areas of similarity Divided into two sections part one begins with a number of chapters that are theoretical in nature whilst part two provides case studies that offer a more regional focus including analysis of the challenges facing contemporary navies and historical case studies designed to reveal the experience of small navies over time By adopting an approach that combines historical considerations with analysis of current events the collection offers a unique perspective on the role that small navies have played in wider nautical affairs and their continued impact upon global maritime strategies

After Freedom Katherine S. Newman, Ariane De Lannoy, 2014-04-22 Twenty years after the end of apartheid a new generation is building a multiracial democracy in South Africa but remains mired in economic inequality and political conflict The death of Nelson Mandela in 2013 arrived just short of the twentieth anniversary of South Africa's first free election reminding the world of the promise he represented as the nation's first Black

president Despite significant progress since the early days of this new democracy frustration is growing as inequalities that once divided the races now grow within them as well In After Freedom award winning sociologist Katherine S Newman and South African expert Ariane De Lannoy bring alive the voices of the freedom generation who came of age after the end of apartheid Through the stories of seven ordinary individuals who will inherit the richest and yet most unequal country in Africa Newman and De Lannoy explore how young South Africans whether Black White mixed race or immigrant confront the lingering consequences of racial oppression These intimate portraits illuminate the erosion of old loyalties the eruption of class divides and the heated debate over policies designed to redress the evils of apartheid Even so the freedom generation remains committed to a united South Africa and is struggling to find its way toward that vision

Understanding Naval Warfare Ian Speller, 2023-09-11 This updated new edition of Understanding Naval Warfare offers the reader an accessible introduction to the study of modern naval warfare providing a thorough grounding in the vocabulary concepts issues and debates set within the context of relevant history The third edition explains traditional concepts and explores current and emerging ideas concerning the theory and practice of naval warfare relating these to recent events including Sino American naval competition and the Russian Ukraine War Navies operate in an environment that most people do not understand and that many avoid They are equipped with a bewildering range of ships craft and other vessels and types of equipment the purpose of which is often unclear Writings on naval warfare are usually replete with references to esoteric concepts explained in specialist language that can serve as a barrier to understanding This book cuts through the obscure and the arcane to offer a clear coherent and accessible guide to the key features of naval warfare which will equip the reader with the knowledge and understanding necessary for a sophisticated engagement with the subject The new edition is divided into two key parts The first focuses on concepts of naval warfare and introduces readers to the ideas associated with the theory and practice of naval operations and includes a chapter where the history of the last century of naval warfare is explored in order to illustrate the key concepts The second part focuses on the conduct of war at sea and on peacetime roles for contemporary navies and now includes new material on hybrid warfare and grey zone operations and on joint warfare multi domain operations and integrated deterrence within the context of evolving great power rivalry at sea This textbook will be essential reading for students of naval warfare sea power and maritime security and is highly recommended for those studying military history strategic studies and security studies in general

China's Negotiating Mindset and Strategies Guy Olivier Faure, I. William Zartman, 2025-06-30 This book analyzes the mindset with which China enters into negotiations and applies these insights into contemporary arenas of Chinese activity around the world The volume presents and analyses the historical and cultural foundations of Chinese thinking as used in the practice of present day negotiation It begins by addressing the essence of Chinese negotiations and the Chinese mindset turning to a section that presents the cultural foundations of that mindset and strategy The concepts of Confucianism Taoism Yin Yang and Chinese military strategy are

highlighted The cases of the Belt and Road Initiative and the South and East China Seas are examined to show the application of these concepts with one addressing business and economic negotiations and the other examining cases of negotiation in geopolitics Finally a synthesis of what has been learned is presented which will contribute to negotiation theory and ultimately will help Western practitioners contemplating negotiation with Chinese diplomats and businesses as well as being a basis for policy analysts understanding of Chinese practices in international relations This book will be of much interest to students of international negotiation foreign policy business studies and international relations as well as practitioners and policymakers

The lure of violence Alessandro Saluppo, 2025-11-11 This book provides a comprehensive examination of conservative and right wing responses to the Edwardian crisis in Britain 1901 1914 It stresses how the upsurge of right wing extremism within and outside the Conservative party was accompanied by the crystallization of a

culture of violence The preparation instigation or threatening of violent acts against all those who appeared to threaten the organic nature and vigour of the national community found expression in a myriad of ultra nationalist organisations citizen policing groups private military associations and paramilitary formations The book innovatively reconstructs the belief system and the practices of those right wing actors which pursued the goals of military preparedness racial regeneration and imperial unity while defending the amorphous goals of authority order and national efficiency against the forces of radicalism and socialism The book helps to cast light on the bellicose and authoritarian reflexes that traversed British conservatism in the turbulent prewar years
