,2023-02-13 204 pages and more than 60 illustrations and charts size 8 25 x 10 75 inches This publication is a reproduction of two original Velocette Factory Manuals the March 1971 service manual part number 484 11R and the January 1974 illustrated parts manual part number F482 7R The original 124 page factory service manual covers the 1954 1971 range of 350cc and 500cc machines including the Viper Venom and MSS models and it also includes a 30 page supplement for the Thruxton Scrambler and the Sports and Clubman models This manual will also be of use to owners of the rare Floyd Clymer Indian Velo which utilized either the MSS Venom or the Thruxton engine The original 76 page illustrated parts manual also includes a 20 page supplement for the special machines and covers the 500cc MSS Venom Clubman Mk I II Scrambler Thruxton and Endurance models plus the 350cc Viper Clubman Mk I II and Scrambler Owners of the 350cc and 500cc Velocette models are subjected to considerable confusion surrounding the appropriate selection of the multitude of originals and reprints of the various manuals that have recently flooded the online marketplace Based on the factory part numbers there were approximately 20 service and parts manuals published during the 17 year production run of these machines and the earlier manuals do not include information on the Clubman Scrambler and Special Viper variants or the Thruxton Clubman Scrambler and Special Venom models However the manuals selected for this reprint are those that include all of the 350cc 500cc models and their variants manufactured by Velocette from 1954 to 1971 Bridgestone Motorcycles 350gtr & 350gto Technical Handbook, Tuning for Competition and Parts Catalogues ,2021-01-21 178 pages 203 illustrations size 8 25 x 10 75 inches A previously unpublished manual from the Floyd Clymer archives This manual is a compilation of extremely scarce and difficult to find original factory publications for the Bridgestone 350GTR and 350GTO series of motorcycles The factory publications included are The 350GTR Technical Handbook Workshop Manual publication number T7350E The 350GTR Parts Catalogue publication number P7350WO The 350GTO Parts Catalogue publication number P9350GTOWO plus the appropriate pages from Tuning Up for Competition publication number L8TUP During the time they were in production Bridgestone Motorcycles published Technical Handbooks or more appropriately Workshop Manuals for their various models These factory issued workshop manuals were produced in small quantities and are scarce and difficult to find in today s market In addition the factory also published Parts Catalogues which included exploded parts diagrams that are a useful tool for restoration work or even general maintenance tasks These factory Parts Catalogues were also re printed by Rockford Motors but unfortunately many of the diagrams were reduced in size some to less than a quarter page making the details difficult to see This manual also includes a re print of the original factory Bridgestone350 GTR 350GTO Parts

Catalogues with full page exploded parts diagrams Rockford Motors also published repair manuals but unfortunately the quality of the images were degraded in the re print process that was available at that time and some of them are so poor that they are of little use By utilizing both the original factory Technical Handbook and Parts Catalogues in the production of this combined manual we have hopefully provided the reader with quality enhanced images that are far superior to those in the earlier Rockford reprints As can be expected from a factory publication there is adequate detailed text and diagrams to assist in major refurbishing or even a complete mechanical renovation making it an invaluable resource for collectors of these iconic motorcycles and we are pleased to be able to offer this reprint as a service to all Bridgestone 350GTR 350GTO owners and enthusiasts worldwide
