Take Back the Center Peter S. Wenz, 2012-08-24 Reality based arguments against right wing fantasies the case for reducing income inequality rebuilding our infrastructure investing in education and putting people back to work Midcentury America was governed from the center a bipartisan consensus of politicians and public opinion that supported government spending on education the construction of a vast network of interstate highways healthcare for senior citizens and environmental protection These projects were paid for by a steeply progressive tax code with a top tax rate at one point during the Republican Eisenhower administration of 91 percent Today a similar agenda of government action and progressive taxation would be portrayed as dangerously left wing At the same time radically anti government and anti tax opinions with no evidence to support them are considered part of the mainstream In *Take Back the Center* Peter Wenz makes the case for a sane reality based politics that reclaims the center for progressive policies The key he argues is taxing the wealthy at higher rates The tax rate for the wealthiest Americans has declined from the mid twentieth century high of 91 percent to a twenty first century low of 36 percent even as social programs are gutted and the gap between rich and poor widens dramatically Ever since Ronald Reagan famously declared that government was the problem and not the solution conservatives have had an all purpose answer to any question smaller government and lower taxes Wenz offers an impassioned counterargument He explains the justice of raising the top tax rates significantly making a case for less income inequality and countering society s worship of the wealthy and he offers suggestions for how to spend the increased tax revenues K 12 education tuition relief transportation and energy infrastructure and universal health care Armed with Wenz s

Gender and Early Learning Environments Genevieve H. Brown, Beverly Irby, 2011-07-01 The Research on Women and Education SIG of the American Educational Research Association presents the third book in its series Gender and Early Learning Environments Finding after the publication of Gender and Schooling in the Early Years the second book in the series that there was and is a paucity of published literature on early childhood gender issues the editors determined that one additional book on early childhood and gender issues was warranted in this series The latest book in the series Gender and Early Learning Environments is encompassing of a wide range of topics addressing early childhood influences on gender and development of the whole child For early childhood educators this book aides in making visible and exploring the definition of what gender means in contemporary culture

Effigy Allison M. Cotton, 2008-01-01 *Effigy* examines the images of a capital defendant portrayed by the defense attorneys and the prosecutor during the guilt and penalty phases of capital trial the trial tactics used to impart these images and the consequences that result from the jury's attempt to reconcile contradictory images to place one in permanent record as a verdict These images are starkly contrasted against the backdrop of a brutal murder in which the stereotypes of American fear are realized Donta Page the defendant is an African American male from a low income segment of society while Peyton Tuthill the victim was a Caucasian female from a middle income suburb The prosecuting attorneys depict the defendant as a savage beast juxtaposing their image against that of a troubled youth as Page is portrayed by the defense attorneys Slowly and methodically developed as figures with diametrically opposed features none of which overlap or congeal both the images are portrayed as real buttressed by the testimony of witnesses rather than constructed The jury is expected to render a verdict that accepts one and rejects the other there is no middle ground
