Rock Music in American Fiction Writing, 1966-2011 Martin Moling,2021-09-20 Can rock music help us understand literature Rock Music in American Fiction Writing 1966 2011 argues that a close analysis of the rock music incorporated into a literary text an investigation of the lyrics a musicological exploration of the sounds and rhythms a cultural historical inquiry into the production and reception of a song may yield exciting new insight into and expand our understanding of American literary production from the mid 20th century onwards Reading major works by Joyce Carol Oates Alice Walker Don DeLillo Jeffrey Eugenides Sherman Alexie and Jennifer Egan from such a rock musicological vantage point Rock Music in American Fiction Writing adds a new dimension to recent work in American literary criticism by seeking to establish rock music as an analytical tool for literary investigation The book concentrates on the way these literary artists have struggled to come to terms with the dichotomies inherent in rock music its liberating and revolutionary impulses as well as its adherence to the bleakest laws of consumer capitalism in their work By combining a musicological with a literary analysis Rock Music in American Fiction Writing highlights the

crucial and complex role rock music has played in shaping the artistic outlook and cultural sensibilities of literary artists since the 1960s in America and beyond

Handbook of the American Novel of the Twentieth and Twenty-First Centuries Timo Müller,2017-01-11 Increasing specialization within the discipline of English and American Studies has shifted the focus of scholarly discussion toward theoretical reflection and cultural contexts These developments have benefitted the discipline in more ways than one but they have also resulted in a certain neglect of close reading As a result students and researchers interested in such material are forced to turn to scholarship from the 1960s and 1970s much of which relies on dated methodological and ideological presuppositions The handbook aims to fill this gap by providing new readings of texts that figure prominently in the literature classroom and in scholarly debate from James s *The Ambassadors* to McCarthy s *The Road* These readings do not revert naively to a time before theory Instead they distil the insights of literary and cultural theory into concise introductions to the historical background the themes the formal strategies and the reception of influential literary texts and they do so in a jargon free language accessible to readers on all levels of qualification The Readers' Choice Victoria Golden
