Tales Of Civilized Sex Vol English Edition:

Futures for English Colin MacCabe, 1988 The Psychology of Sex (Vol. 1-6) Havelock Ellis, 2020-12-17 This edition contains three studies which seem to me to be necessary prolegomena to that analysis of the sexual instinct which must form the chief part of an investigation into the psychology of sex The first sketches the main outlines of a complex emotional state which is of fundamental importance in sexual psychology the second by bringing together evidence from widely different regions suggests a tentative explanation of facts that are still imperfectly known the third attempts to show that even in fields where we assume our knowledge to be adequate a broader view of the phenomena teaches us to suspend judgment and to adopt a more cautious attitude So far as they go these studies are complete in themselves their special use as an introduction to a more comprehensive analysis of sexual phenomena is that they bring before us under varying aspects a characteristic which though often ignored is of the first importance in obtaining a clear understanding of the facts the tendency of the sexual impulse to appear in a spontaneous and to some extent periodic manner affecting women differently from men This is a tendency which later I hope to make still more apparent for it has practical and social as well as psychological implications Here and more especially in the study of those spontaneous solitary manifestations which I call auto erotic I have attempted to clear the ground and to indicate the main lines along which the progress of our knowledge in these fields may best be attained

Masquerade and Civilization Terry Castle, 1986 Public masquerades were a popular and controversial form of urban entertainment in England for most of the eighteenth century. They were held regularly in London and attended by hundreds, sometimes thousands of people from all ranks of society who delighted in disguising themselves in fanciful costumes and masks and moving through crowds of strangers. The author shows how the masquerade played a subversive role in the eighteenth century imagination and that it was persistently associated with the crossing of class and sexual boundaries, sexual freedom, the overthrow of decorum and urban corruption. Authorities clearly saw it as a profound challenge to social order and persistently sought to suppress it. The book is in two parts. In the first, the author recreates the historical phenomenon of the English masquerade: the makeup of the crowds, the symbolic language of costume and the various codes of verbal exchange, gesture and sexual behavior. The second part analyzes contemporary literary representations of the masquerade using novels by Richardson, Fielding, Burney and Inchbald to show how the masquerade in fiction reflected the disruptive power it had in contemporary life. It also served as an indispensable plot catalyst, generating the complications out of which the essential drama of the fiction emerged. An epilogue discusses the use of the masquerade as a literary device after the eighteenth century. The book contains some 40 illustrations.

Queering Tribal Folktales from East and Northeast India Kaustav Chakraborty, 2020-12-08 This book explores queer potentialities in the tribal folktales of India. It elucidates the queer elements in the oral narratives of four indigenous communities from East and Northeast India which are found to be significant repositories of gender fluidity and non-normative desires. Departing from the popular understanding that Otherness results largely from undue exposure to Western permissiveness, the author reveals how minority sexualities actually have their roots in aboriginal indigenous cultures and do not necessarily constitute a mimicry of the West. The volume endeavours to demystify the politics behind such vindictive propagation to sensitize the queerphobic mainstream about the essential endogenous presence of the queer in the spaces that are aboriginal. Based on extensive interdisciplinary research, this book is a first of its kind in the study of indigenous queer narratives. It will be useful to scholars and researchers of queer studies, gender studies, tribal and indigenous studies, literature, cultural studies, postcolonialism, sociology, political studies, and South Asian studies.

Loose Women, Lecherous Men Linda LeMoncheck, 1997 The author discusses methods for mediating the tensions among apparently irreconcilable feminist perspectives on women's sexuality and shows how a feminist epistemology and ethic can advance the dialogue in women's sexuality across a broad political spectrum.

The Fear of the Word: Censorship and Sex Eli M. Oboler, 1974 **The Posen Library of Jewish Culture and Civilization, Volume 7** Israel Bartal, Kenneth B. Moss, 2024-01-05 Volume 7 of the Posen Library captures unprecedented transformations of Jewish culture amid mass migration, global capitalism, nationalism, revolution, and the birth of the secular self. Between 1880 and 1918, traditions and regimes collapsed, and the world of migration and imperialism remade the lives of millions. Nationalism and secularization transformed selves and collectives; utopias beckoned, and new kinds of social conflict threatened as never before. Few communities experienced the pressures and possibilities of the era more profoundly than the world's Jews. This volume, seventh in The Posen Library of Jewish Culture and Civilization, recaptures the vibrant Jewish cultural creativity, political striving, social experimentation, and fractious religious and secular thought that burst forth in the face of these challenges. Editors Israel Bartal and Kenneth B. Moss capture the full range of Jewish expression in a centrifugal age, from mystical visions to unabashedly antitraditional Jewish political thought, from cookbooks to literary criticism, from modernist poetry to vaudeville. They also highlight the most remarkable dimension of the

1880 1918 era an audacious effort by newly secular Jews to replace Judaism itself with a new kind of Jewish culture centering on this worldly aesthetic creativity by a posited Jewish nation and the secular modern and free individuals who composed it This volume is an essential starting point for anyone who wishes to understand the divided Jewish present **Reading Fin de Siècle Fictions** Lyn Pykett, 2014-07-21 The fin de siècle the period 1880 1914 long associated with decadence and with the literary movements of aestheticism and symbolism has received renewed critical interest recently The essays in this volume form a valuable introduction to fin de siècle cultural studies and provide a commentary on important aspects of current critical debate and the place of culture in society **The Index ...** Francis Ellington Abbot, William James Potter, Benjamin Franklin Underwood, 1874 [The Posen Library of Jewish Culture and Civilization, Volume 2](#) Carol Bakhtos, 2025-09-09 An extensive collection of Jewish texts and visual artifacts representing the memory identity and culture of ancient Jewish life over nearly a thousand years Volume 2 of the Posen Library of Jewish Culture and Civilization covers Jewish life as it evolved in the first several centuries following the biblical period Jewish identity grew from its Israelite background and took on new dimensions shaped by cultural exchanges and interactions with surrounding civilizations including the Greek Roman Sasanian and Parthian Empires Shifts in Jewish culture during this long period include the rise of sectarianism the expansion of the concept of Torah the shift from Temple to synagogue the disappearance of the priesthood and the emergence of rabbis and the development of new forms of liturgy These years laid the groundwork for the rich tapestry of Jewish identity that would continue to evolve throughout history Providing a robust collection of written and visual primary resources Volume 2 affords an unmatched opportunity to discover the forms and movements of ancient Judaism and the institutions around which Jews centered their lives
