Memoirs of an Icelandic Bookworm Jóna E. Hammer, 2006-07-18 Memoirs of an Icelandic Bookworm is only partly a memoir More than half the volume consists of Icelandic folktales many of which have never been translated into English before These tales are uniquely presented here as part of a fabric of life extending from a long ago past through times affected by the Second World War and to the present The book is a first hand and humorous account of Icelandic culture and an Icelandic childhood In the memoir sections the bookworm of the title is growing up in a small town in Northern Iceland her emerging world view is expanded by family influences or challenged by sojourns into Icelandic and international literature Her family is memorably represented for example by her grandmother the robust Stefana who speaks in verse and learns to dance rockn roll and the white haired patriarch Jón who steps in to save the family home from burning and introduces his great granddaughter to an ancient feminist folktale The memoirs mostly describe the 1940s and 50s but the author is constantly looking back beyond her own memories and even the memories of her great parents toward an older culture preserved in the folktales and exerting its influence through the centuries to touch her own childhood On occasion the authors cultural associations reach even further back to the times of the Icelandic sagas at other times with periodic returns to her current vantage point in the 21st century she touches down in the more recent past for a humorous look at Laxness or up to date cultural developments As a writer of memoirs the author makes two general observations The first one is that children should be introduced to imaginative literature as early as possible Although this is not a new idea it is illustrated here with an example of highly auspicious conditions the bookworm and her peers grow up in a cultural climate where literature and poetry are integrated into daily life The authors second observation is that a small and seemingly insular society may actually contain a great deal of cultural and literary sophistication as she shows in her descriptions of daily small town life in Northern Iceland The sixty some folktales which occupy the larger part of the book are introduced as flashbacks to earlier times Reflecting the national past and narrated by long departed country people the folktales run through the bookworms own present and link her living family to long ago forebears The human characters in these colorful tales are just like the narrators themselves farmers and their wives serving maids clergymen bishops or hired hands a familiar mixture in any farming society The non humans are a sinister lot ranging from The Evil One himself through ghosts and ogres with

whom ordinary folk must struggle as best they can In addition the ever present elves are a law unto themselves loyal as friends but lethal as foes Being an Icelander and thus receptive to mysticism the bookworm has ample contact with the supernatural partly through the folktales but also as elements of daily life Real people gifted with second sight are still commonplace in the girls own times in fact her family owes its very existence to the advice of such a seer In addition the bookworms world teems with an international cast of fictional and fantastic characters Dickenss Mr Bumble Anna of Green Gables Alice in Wonderland a nameless drunken fisherman courtesy of Halldr Kiljan Laxness and the Hunchback of Notre Dame among others make cameo appearances next to child stealing elf women man devouring giantesses and a dreaded ghost monster called Thorgeirs Bull The first folktale a horrific account of a legendary sorcerer is presented by itself both as a preview of the dark supernatural mysteries in store for the reader and as a preview of the fascination and excitement such readin

The German Migration to Missouri Paul C. Nagel,2002 Historian Paul C Nagel tells the story of the four family lines that led to his grandparents beginning in 16 century Germany following their migration in the 19th century to eastern Missouri and ending in mid 20th century western Missouri

Bringing Our Histories into School-Based Therapy Lyn French,Reva Klein,2023-05-02 This is a book that delves into the relationship between therapists sometimes fraught engagement with their own emotional histories and those of their clients offering a creative template for opening up important conversations Each of the chapter authors contributing to this volume focuses on seminal life events that inflect the emotional tenor and quality of attunement in the consulting room A broad range of subjects is covered which either highlight themes around identity or reflect the kinds of challenges that bring young people to therapy including bereavement the experience of otherness dislocation and migration disrupted family relationships and life threatening illness With compelling clinical vignettes illuminating the resonances between therapists stories and those of the clients they present this book is an engaging and insightful read for all practitioners in the field especially those working in child and adolescent mental health

Chicano Culture, Ecology, Politics Devon G. Peña,1999-01-01 Until recently mainstream American environmentalism has been a predominantly white middle class movement essentially ignoring the class race and gender dimensions of environmental politics In this provocative collection of original essays the environmental dimensions of the Chicana o experience are explicitly expressed and debated Employing a variety of genres ranging from poetry to autobiography to theoretical and empirical essays the voices in this collection speak to the most significant issues of environmentalism and social justice recognizing throughout the need for a pluralism of Chicana o philosophies The contributors provide an excellent basis for understanding how multiple Chicana o views on the environment play out in the

context of dominant social political and economic views Chicano Culture Ecology Politics examines a number of Chicana o ecological perspectives How can the ethics of reciprocity present in Chicana o agropastoral life be protected and applied on a broader scale How can the dominant society whose economic structure is invested in placeless mobility take note of the harm caused to land based cultures take responsibility for it and take heed before it is too late Will the larger society be ecologically housebroken before it destroys its home Grounded in actual political struggles waged by Chicana o communities over issues of environmental destruction cultural genocide and socioeconomic domination this volume provides an important series of snapshots of Chicana o history Chicano Culture Ecology Politics illuminates the bridges that exist and must be understood between race ethnicity class gender politics and ecology CONTENTS Part 1 IndoHispano Land Ethics Los Animalitos Culture Ecology and the Politics of Place in the Upper R o Grande Devon G Pe a Social Action Research Bioregionalism and the Upper R o Grande Rub n O Mart nez Notes on Home Land Ethics Ideas Values and the Land Reyes Garc a Part 2 Environmental History and Ecological Politics Ecological Legitimacy and Cultural Essentialism Hispano Grazing in Northern New Mexico Laura Pulido The Capitalist Tool the Lawless and the Violent A Critique of Recent Southwestern Environmental History Devon G Pe a and Rub n O Mart nez Ecofeminism and Chicano Environmental Struggles Bridges across Gender and Race Gwyn Kirk Philosophy Meets Practice A Critique of Ecofeminism through the Voices of Three Chicana Activists Malia Davis Part 3 Alternatives to Destruction The Pasture Poacher a poem Joseph C Gallegos Acequia Tales Stories from a Chicano Centennial Farm Joseph C Gallegos A Gold Mine an Orchard and an Eleventh Commandment Devon G Pe a

You Can't Be Serious Kal Penn, 2022-08-09 Kal Penn s unlikely career arc has taken him from nerdy American kid from an immigrant family in the New York suburb of Montclair New Jersey to world famous actor to White House staffer under President Obama and back to actor again Now in You Can t Be Serious he reflects on the most ridiculous offensive and rewarding moments that have stood out during his journey With intelligence humor and charm on every page Penn explores what it means to be the embodiment of the American Dream as the child of immigrant parents who came to this country with very little and who never expected to see their son get his big break by sliding off an oiled up naked woman in a raunchy Ryan Reynolds movie He also pulls back the curtain on racism in Hollywood and the constant reminders that he would never fit in And of course he reveals how after twenty five years fighting for success in Hollywood he made the terrifying but rewarding decision to walk away from it all for a career in politics Above all You Can t Be Serious shows that everyone can have more than one life story Penn bravely demonstrates by example that no matter who you are and where you come from you have many more choices than those presented to you It s a story about struggle triumph and learning how to keep your head up And okay yes it s also about whether Kal really smoked weed in the White House with the former First Lady because let s be honest that s what you really want to know Michelle Obama Elizabeth J. Natallé, Jenni Simon, 2015-08-27 Michelle Obama First Lady American Rhetor is an edited anthology that explores the persona and speech

making of the country's first African American first lady. The result of these thought-provoking essays is an interdisciplinary text that explores the First Lady from a rhetorical and cultural point of view. Authors analyze her Democratic National Convention speeches, her brand as First Lady, her communication from her latest trip to Africa, her agenda rhetoric in *Let's Move* and *Reach Higher*, and her coming out as a Black feminist intellectual when she spoke at Maya Angelou's memorial service. Readers will recognize Michelle Obama as a rhetor of our times, a woman who influences America at the intersections of gender, race, and class, and who is representative of what women are today.

Social Working Gerald A. J. De Montigny, 1995-01-01. De Montigny uses the tension between his experience of growing up working class and the difficult process of becoming a social worker to explore the practical activities professionals use to secure organizational power and authority over clients.

Persons in Context Roger Frie, William J. Coburn, 2011-01-19. In contemporary forms of psychoanalysis, particularly intersubjective systems theory, the turn towards contextualism has permitted the development of new ways of thinking and practicing that have dispensed with the notion of isolated individuality. For many who embrace this post-subjectivist way of thinking and practicing, the recognition that all human experience is fundamentally immersed in the world makes the question of individuality seem confusing, even anachronistic. Yet the challenge of individuality remains an important and pressing issue for contemporary theory and practice; many clinicians are left to wonder about the role of individual experience and how to approach it conceptually or clinically. This volume of original essays gives the problem of individuality its due without losing sight of the importance of contextualized experience. Drawing on a variety of disciplinary backgrounds—philosophical, developmental, biological, and neuroscientific—the contributors address the tension that exists between individuality and the emergence of contextualism as a dominant mode of psychoanalytic theory and practice, thereby providing unique insights into the role and place of individuality both in and out of the clinical setting. Ultimately, these essays demonstrate that individuality, no matter how it may be defined, always occurs within a contextual web that forms the basis of human experience.

Identity, Attachment and Resilience Antonia Bifulco, 2017-09-06. Identity, Attachment, and Resilience provides a timely foray into the new field of psychology and genealogy, exploring the relationship between family history and identity. The field encompasses family narratives and researches family history to increase our understanding of cultural and personal identity, as well as our sense of self. It draws on emotional geography and history to provide rich yet personalised contexts for family experience. In this book, Antonia Bifulco researches three generations of her own Czechowski family, beginning in Poland in the late nineteenth century and moving on to post-WWII England. She focuses

on key family members and places to describe individual experience against the socio political backdrop of both World Wars Utilising letters journals and handwritten biographies of family members the book undertakes an analysis of impacts on identity sense of self attachment family ties and resilience coping under adversity drawing out timely wider themes of immigration and European identity Representing a novel approach for psychologists linking family narrative to social context and intergenerational impacts Identity Attachment and Resilience describes Eastern European upheaval over the twentieth century to explain why Polish communities have settled in England With particular relevance for Polish families seeking to understand their cultural heritage and identity this unique account will be of great interest to any reader interested in family narratives immigration and identity It will appeal to students and researchers of psychology history and social sciences

The American Myth of Markets in Social Policy Debra Hevenstone,2016-04-08 The American Myth of Markets in Social Policy examines how implementing American tropes in policy design inadvertently frustrates policy goals The book investigates multiple market oriented designs including funding for private organizations to deliver public services funding for individuals to buy services and policies incentivizing or mandating private actors to provide social policy Hevenstone shows that these solutions often not only fail to achieve social goals but actively undermine them The book carefully details the mechanisms through which this occurs and examines several policies in depth covering universal social insurance programs like healthcare and pensions as well as smaller interventions like programs for the homeless
