Targeted Deadly Ops:

Targeted David Gideon, 2013 This is a true story of a pathological serial workplace bully and is written by a proud survivor Names have been changed to protect the innocent It is a horrific tale of terror manifested by a malevolent mind bent on selfish ambition It is a story of how the monster worked his way into the victim's confidence learned his strengths and weaknesses and even boasted to him what he was going to do before implementing his evil plan It is a legend of how kindness and compassion are crushed by the sinister whispering campaign and how the bosses and managers were too terrified to act for fear of retaliation upon themselves It is textbook psychological torture and it's a miracle that anyone could survive it But it is also a book of hope what you need to do and of how to seek out help if you are confronted by such a bully This is a book of reasoning and forgiveness It is also to let us know that we are not alone Such monsters do exist and this is how to recognize them and thwart their insidious plots *The Handbook of the International Law of Military Operations*

Terry D. Gill, Dieter Fleck, 2015-12-10 The second edition of this well received handbook provides a comprehensive overview and annotated commentary of those areas of international law most relevant to the planning and conduct of military operations It covers a wide scope of military operations ranging from operations conducted under UN Security Council mandate to collective self defence and consensual and humanitarian operations and identifies the relevant legal bases and applicable legal regimes governing the application of force and treatment of persons during such operations It also devotes attention to the law governing the status of forces military use of the sea and airspace and questions of international criminal responsibility for breaches of international law New developments such as cyber warfare and controversial aspects of law in relation to contemporary operations such as targeted killing of specific individuals are discussed and analysed alongside recent developments in more traditional types of operations such as peacekeeping and naval operations The book is aimed at policy officials commanders and their military legal advisors who are involved with the planning and conduct of any type of military operation and is intended to complement national and international policy and legal guidelines and assist in identifying and applying the law to ensure legitimacy and contribute to mission accomplishment It likewise fulfils a need in pertinent international organizations such as the UN NATO Regional Organizations and NGOs It also serves as a comprehensive work of reference to academics and is suitable for courses at military staff colleges academies and universities which devote attention to one or more aspects of international law treated in the book This mix of intended users is reflected in the contributors who include senior former policy officials and military legal advisors alongside academics engaged in teaching and research in these areas of international law Targeted Killings Claire Oakes Finkelstein, Jens David Ohlin, Andrew Altman, 2012-03 The controversy surrounding targeted killings represents a crisis of conscience for policymakers lawyers and philosophers grappling with the moral and legal limits of the war on terror This text examines the legal and philosophical issues raised by government efforts to target suspected terrorists *Edge of Danger* Katie

Reus,2015-11-03 The new Deadly Ops novel from the New York Times bestselling author of Shattered Duty in the series that delivers fast paced romantic suspense that will keep you on the edge of your seat When an assassin tries to kill undercover DEA agent Tucker Pankov the same week his boss is taken out Tucker has good reason to be paranoid And when other members of his elite team are not only targeted but stripped of top secret security clearance Tucker has one shot at discovering who wants them dead and why So he kidnaps the only woman he thinks can save them Brilliant NSA analyst Karen Stafford doesn't like being forced into anything especially by someone she doesn't trust Yet after a hijacked US owned drone starts attacking government installations resulting in mass casualties Karen has to take Tucker's side Now two unlikely allies must unite to prevent an escalating and unthinkable terrorist conspiracy But as Tucker and Karen grow intimate they realize the conspiracy runs deep and their enemies are closer than anyone realized New York Times bestselling author Cynthia Eden Unintended Target Katie Reus,2022-08-29 He's not her type Elementary school teacher Patience had her whole summer planned out and it included margaritas and time at the beach But when she agrees to a temporary nanny position as a favor to a friend the last thing she expected was to butt heads with or be attracted to Brodie MacArthur her employer's sexy head of security But that doesn't stop her from wanting him Brodie made a mistake with Patience and forever ruined her first impression of him Just as their heated clashes reach a peak Patience falls ill and it's something far more sinister than a simple summer bug He screwed up once He won't do it again And when he learns that the danger is closer than they imagined he'll have to fight to protect her and win her heart Length NOVELLA MacArthur Family Series Falling for Irish 1 Unintended Target 2 Saving Sienna 3 **Shattered Duty** Katie Reus,2015-06-02 A new novel from the author of Bound to Danger who has the amazing ability of pulling the reader onto the front lines of the action and drama The Reading Caf When his wife was murdered two years ago Special Agent Levi Lazaro turned his back on everything he cared about Ever since he has thought of nothing but vengeance Now he's finally uncovered the identities of those who killed his wife and he's ready to destroy them at any cost He won't let anything stand in his way not even a beautiful NSA agent on a mission of her own Special Agent Selene Wolfe prides herself on being the best Her fearlessness and quick thinking make her the perfect person to take down a deadly terrorist cell But she needs Levi's help and the moment he shows up Selene knows her objectivity and her heart are in trouble As the two strike an uneasy alliance Levi finds himself tormented by his desire for Selene a feeling he thought long dead But when their mission takes an unexpected turn he finds himself at a crossroads Can he put aside his need for revenge to save the woman who's reawakened his soul *Cultural Politics of Targeted Killing* Kyle Grayson,2016-07-15 The deployment of remotely piloted air platforms RPAs or drones has become a defining feature of contemporary counter insurgency operations Scholarly analysis and public debate has primarily focused on two issues the legality of targeted killing and whether the practice is effective at disrupting insurgency networks and the intensive media and activist scrutiny of the policy processes through which targeted killing decisions have been made While contributing to

these ongoing discussions this book aims to determine how targeted killing has become possible in contemporary counter insurgency operations undertaken by liberal regimes Each chapter is oriented around a problematisation that has shaped the cultural politics of the targeted killing assemblage Grayson argues that in order to understand how specific forms of violence become prevalent it is important to determine how problematisations that enable them are shaped by a politico cultural system in which culture operates in conjunction with technological economic governmental and geostrategic elements The book also demonstrates that the actors involved what they may be attempting to achieve through the deployment of this form of violence how they attempt to achieve it and where they attempt to achieve it are also shaped by culture The book demonstrates how the current social relations prevalent in liberal societies contain the potential for targeted killing as a normal rather than extraordinary practice It will be of great use for academic specialists and graduate students in

on Former Army Ranger and newest Red Stone Security employee Ivan Mitchell has gotten used to being alone in the world. He never even thinks about it anymore until he meets sexy independent Julieta. She's everything he could ever want, but she seems determined to keep him at arm's length. Until now. Maybe the cops can't do anything to protect her, but he can. When things escalate faster than even he expected, he finds himself pulling out his most extreme combat skills to protect her. He'll do what it takes to save her life and prove to her she belongs in his arms. Author Note: Each title can be purchased individually or as a box set. Collection 119,000 words.

Lethal Game Katie Reus, 2017-01-13

Wolf's Mate Katie Reus, Savannah Stuart, 2018-07-03. She wasn't supposed to fall for him. Erica's time away from her pack was just supposed to be fun. Then she met Hudson. Instead of the no strings attached fling she ended up falling for him. But they'd promised each other that they'd keep things casual. Instead of risking her heart, she ran. Now she's pregnant, and he's determined to claim her. But the last thing she wants is to be an obligation to him. Now she's pregnant. Erica could never be a duty to Hudson, but for some reason that's what she thinks she is. He tried to go slow to give her space, so he wouldn't scare her off. Now he realizes that was a mistake. It's time for this wolf to claim his mate. Unfortunately, a neighboring pack is stirring up trouble for his pack, and his she-wolf is determined to keep walls between them. Walls he intends to bring down once and for all. Length: novella. Author note: all novellas in the series can easily be read as individual titles. There are no cliffhangers, and each story has a HEA.

Highway Safety Research Agenda: Infrastructure and Operations Charles V. Zegeer, 2013. TRB's National Cooperative Highway Research Program NCHRP 756 Highway Safety Research Agenda. Infrastructure and Operations develops a proposed agenda of prioritized safety research needs in the area of highway infrastructure and operations. The report provides options to the U.S. transportation community on how to direct research to the areas where it can provide the most benefit. The agenda is based on a prioritization methodology developed by the research team, which can be applied on a recurring basis to update the agenda over time. Both the agenda and the methodology documented in this report will assist government officials, private sector employees, and academics with managing highway safety research. In addition to the report, 16 unpublished appendices (A-O and R) have been made available electronically. Publisher description.
