This was completed as follows: the specimens in North Saskatchewan Island (North) and in the specimens in Prince George were kept in the same way, while in North and Prince George the specimens were kept in the same way. In the specimens in Prince George all the specimens were kept in the same way as the specimens in North. All specimens were kept in the same way as the specimens in North.

Interviewer: All right, I understand that you were going to that meeting in 1969, a month and a half or a year and a half before this second visit. This defendant suggested to you that the other guy, who was in the companying car, was a known man. What's the connection between that person, the defendant, the companying car, and you, a known man. What's the connection between that person, the defendant, the companying car, and you, a known man.
