Southeast Pediatric Board Review Course:

Pediatric Neurosurgery Board Review Nir Shimony, George Jallo, 2023-05-06 This specialized textbook will be dedicated to the various disease topics of pediatric neurosurgery and management strategies. The text will cover the different aspects of the field of pediatric neurosurgery in a unique way by giving state of the art up to date synopsis with references to recent publications. More specifically the whole book is dedicated to a comprehensive discussion of brainstem tumors and other lesions. It will be composed of 20 chapters. The various chapters will start from updates regarding the development of the nervous system and the clinical differences in assessing the infant or a child in comparison to the adult patient. The book then will focus on various pathologies starting with hydrocephalus, pediatric brain and spine tumors, congenital malformation, spasticity, epilepsy and more. The proposed textbook will be enriched with diagnostic and surgical images and illustrations that cover all types of pediatric neurosurgery pathologies with an emphasis on evidence based data that reflects the controversies and possible solutions. The main structure of each chapter will include a short synopsis of the topic at hand, questions and answers that will inspire the reader for better understanding, learning objectives and key references for further reading. Written by experts in the field, Pediatric Neurosurgery Board Review serves as a valuable resource for neurosurgery residents and fellows studying for their neurosurgery exams as well as an educational material for neurosurgery specialists after graduation by discussing pediatric neurosurgery in a more convenient way to review and understand key information in this field.

Pediatric Board Recertification Review Katie S. Fine, 2008-03-01 This review book will help practicing pediatricians prepare for the pediatric recertification examination that they must pass every seven years. Each chapter contains a detailed review of topics followed by questions. There are approximately 1 000 questions. This book is sharply focused with the singular objective of preparing the busy physician to pass the exam on the first try. CME credit will also be available. Along with the text is a companion Website with an interactive question and answer test bank to provide additional review. www.pediatricrecertification.com

Pediatric Board Study Guide Osama Naga, 2015-03-27 Covers the most frequently asked and tested points on the pediatric board exam. Each chapter offers a quick review of specific diseases and conditions clinicians need to know during the patient encounter. Easy to use and comprehensive, clinicians will find this guide to be the ideal final resource needed before taking the pediatric board exam.

Rudolph's Pediatrics, 23rd Edition, Self-Assessment and Board Review Michael deCastro Cabana, Angelo P. Giardino, 2022-11-18 Add the authority of Rudolph's Pediatrics 23rd Edition to your pediatric board examination review. Rudolph's Pediatrics Twenty Third Edition Self Assessment Board Review provides the focused practice you need to ace your certification exam. This companion to the landmark pediatrics text has been fully revised to match the current content outline of the American Board of Pediatrics for the pediatrics board certification and recertification exams.
