Wong,2018-12-15 Since the silent days of cinema Westerns have been one of the most popular genres not just in the United States but around the world International filmmakers have been so taken by westerns that many directors have produced versions of their own despite lacking access to the American West Nowhere has the Western been more embraced outside of the United States than Italy In the 1960s as Hollywood heroes like John Wayne and Randolph Scott were aging Italian filmmakers were revitalizing the western securing younger American actors for their productions and also making stars of homegrown talent Movies directed and produced by Italians have been branded spaghetti westerns a genre that boasts several hundred films In *Spaghetti Westerns A Viewer s Guide* Aliza S Wong identifies the most significant westerns all italiana produced as well as the individuals who significantly contributed to the genre The author profiles such American actors as Clint Eastwood Eli Wallach and Lee Van Cleef composers including Ennio Morricone and Carlo Rustichelli and of course directors like Sergio Corbucci and Sergio Leone The most memorable movies of the genre

Anatrone, 2023-04-28 This contributed volume brings together personal accounts and scholarly research in an examination of the LGBTQIA Italian American experience and representation in North American media. This is a population that has long been ignored both as an object of study and as a media maker and consumer. Through consistent filmic representation the image of the Italian American has become archetypal leaving us with a set of immediately recognizable characters: the hyper macho blue collar greaser the anti intellectual GTL Guido the child obsessed mamma and the heteronormative mafia family. The rhetorical and literal loudness of these characters drowns out other possible embodiments of Italian American identity so that few examples survive of Italian Americans that do not conform to these classed heterosexual modes of being. This volume fills that void foregrounding the importance of representation and of rethinking the historical narratives and cultural stereotypes surrounding Italian American identity. This book is especially designed for those with an interest in queer theory gender and sexuality studies Italian American studies and media and cultural studies. *Annual Report of the Chief of*
