American football was first played in France in 1909 during the cruise of the Great White Fleet. Then during World War I the American military shipped football helmets and shoulder pads alongside rifles and ammunition to the western front. A 1938 tour of two teams led by Jim Crowley of Fordham University maintained the game until World War II when the arrival of millions of young Americans in France motivated the U.S. military to sponsor several bowl games. During the 1950s and 1960s when the United States occupied bases in France during the Cold War, American soldiers, sailors, and airmen played more than a thousand football games. When France withdrew from NATO, however, American bases were forced to close, leaving American football without a natural home on Gallic shores. In the 1970s, American college and semi-pro teams tried once more to generate interest in the game among French nationals through a series of tours, but until a French physical education instructor vacationed in Colorado and brought equipment back to France, there was little local enthusiasm for the sport. On the back of that vacation and from one team in Paris, organized American football in France grew to more than 215 teams with more than 22,000 active players today. *Le Football* tackles the struggles and successes of American football in France and discusses how, unlike baseball and basketball, football has never been an overt instrument of American cultural influence. Russ Crawford keeps the chains moving as he shows how the modern homegrown sport developed largely independent of American encouragement into a small but successful culture.

**The Eagles of Heart Mountain** Bradford Pearson, 2021-01-05. One of Ten Best History Books of 2021. *Smithsonian Magazine*. For fans of *The Boys in the Boat* and *The Storm on Our Shores*, this impeccably researched, deeply moving, never-before-told tale that ultimately stands as a testament to the resilience of the human spirit. Garrett M. Graff, *New York Times* bestselling author about a World War II incarceration camp in Wyoming and its extraordinary high school football team. In the spring of 1942, the United States government forced 120,000 Japanese Americans from their homes in California, Oregon, Washington, and Arizona and sent them to incarceration camps across the West. Nearly 14,000 of them landed on the outskirts of Cody, Wyoming, at the base of Heart Mountain. Behind barbed wire fences, they faced racism, cruelty, and frozen winters. Trying to recreate comforts from home, they established Buddhist temples and sumo wrestling pits. Kabuki performances drew hundreds of spectators, yet there was little hope. That is, until the fall of 1943, when the camp's high school football team, the Eagles, started its first season and finished it undefeated, crushing the competition from nearby, predominantly white high schools. Amid all this excitement, American politics continued to disrupt their lives as the federal government drafted men from the camps for the front lines, including some of the Eagles. As the team's second season kicked off, the young men faced a choice: to either join the Army or resist the draft. Teammates were divided, and some were jailed for their decisions. *The Eagles of Heart Mountain* honors the resilience of extraordinary heroes and the power of sports in a timely and utterly absorbing account of a country losing its moral way and a group of its young citizens who never did.
