The Butterfly Effect: A journal of "positive" consciousness also has a longer shelf life than changing the world through self-help and empowerment books, and/or other content in the pages of the group. "The butterfly effect" is more likely to last, the butterfly, after it is released from the author's control. And there's more: in another, sometimes counter-intuitive way, the emotional impact of the techniques taught by the Healing Joy Institute's group could last longer than the work of a one-time therapist. In reality, there is still a good illustration of the butterfly effect in action.
