South African Army Form For 2016:

South Africa's Post-Apartheid Military Lindy Heineken, 2020-01-01 This timely book examines how the South African National Defence Force has adapted to the country's new security political and social environment since 1994. In South Africa's changed political state, how has civilian control of the military been implemented and what does this mean for defence in a democracy? This book presents an overview of the security environment, how the mission focus of the military has changed and the implications for force procurement, force preparation, force employment and force sustainability. The author addresses other issues such as the effect of integrating former revolutionary soldiers into a professional armed force, the effect of affirmative action on meritocracy, recruitment and retention, military veterans looking at the difficulties they face in reintegrating back into society and finding gainful employment, gender equality and mainstreaming, the rise of military unions and why a confrontational instead of a more corporatist approach to labour relations has emerged, HIV/AIDS and the consequences this holds for the military in terms of its operational effectiveness. In closing, the author highlights key events that have caused the SANDF to become lost in transition and transformation, spelling out some lessons learned. The conclusions she draws are pertinent for the future of defence, security and civil-military relations of countries around the world.

Netherlands Annual Review of Military Studies 2017 Paul A.L. Ducheine, Frans P.B. Osinga, 2017-07-14 With a foreword by Major General Nico Geerts, Commander Netherlands Defence Academy, Breda. The Netherlands International conflict resolution increasingly involves the use of non-military power and non-kinetic capabilities alongside military capabilities in the face of hybrid threats. In this book, counter-measures to those threats are addressed by academics with both practical and theoretical experience and knowledge, providing strategic and operational insights into non-kinetic conflict resolution and on the use of power to influence, affect, deter or coerce states and non-state actors. This volume in the NL ARMS series deals with the non-kinetic capabilities to address international crises and conflicts and, as always, views matters from a global perspective. Included are chapters on the promise, practice and challenges of non-kinetic instruments of power, the instrumentality of soft power, information as a power instrument and manoeuvring in the information environment, Russia's use of deception and misinformation in conflict, applying counter-marketing techniques to fight ISIL, using statistics to profile terrorists and employing tools such as Actor and Audience Analysis. Such diverse subjects as lawfare, the Law of Armed Conflict, rules for non-kinetic cyber attacks, navigation warfare, GPS spoofing, maritime interception operations and finally, as a prerequisite, innovative ways for intelligence collection in UN Peacekeeping in Mali come up for discussion. The book will provide both professionals such as foreign policy makers and those active in the military services, academics at a master level and those with an interest in military law and the law of armed conflict with useful and up-to-date insights into the wide range of subjects that are contained within it. Paul A.L. Ducheine and Frans P.B. Osinga are General Officers and full professors at the Faculty of Military Sciences of the Netherlands Defence Academy in Breda, The Netherlands. Specific to this

Project Douglas E. Delaney,2018-01-25 How did British authorities manage to secure the commitment of large dominion and Indian armies that could plan fight shoot communicate and sustain themselves in concert with the British Army and with each other during the era of the two world wars What did the British want from the dominion and Indian armies and how did they go about trying to get it Douglas E Delaney seeks to answer these questions to understand whether the imperial army project was successful Answering these questions requires a long term perspective one that begins with efforts to fix the armies of the British Empire in the aftermath of their desultory performance in South Africa 1899 1903 and follows through to the high point of imperial military cooperation during the Second World War Based on multi archival research conducted in six different countries on four continents Delaney argues that the military compatibility of the British Empire armies was the product of a deliberate and enduring imperial army project one that aimed at standardizing and piecing together the armies of the empire while at the same time accommodating the burgeoning autonomy of the dominions and even India At its core this book is really about how a military coalition worked *Annual Report South Africa. Department of Defence,2016*

Intra-Africa Migrations Inocent Moyo,Jussi P. Laine,Christopher Changwe Nshimbi,2021-02-21 This book discusses regional and continental integration in Africa by examining the management of migration across the continent It examines borders and securitisation of migration and the challenges and opportunities that arise out of reconfigured continental demographics The book offers insights on intra Africa migrations and highlights how intra continental migration creates socio economic and cultural borders It explores how these borders beyond the physical boundaries of states including the Berlin Conference constructed borders create cultural divides challenges for economic integration and cross border security and irregular migration patterns While the movement of economic goods is valued for regional economic integration the mobility of people is seen as a threat This approach to migration contradicts the intentions of true integration and development and triggers negative responses such as xenophobia that cannot be addressed by simply managing the physical border and allowing free movement This book engages in a pivotal discussion of these issues which are hitherto missing in African border studies by demonstrating the ubiquity and overreaching influence of various kinds of borders on the African continent With multidisciplinary contributions that provide an in depth understanding of intra Africa migrations and strategies for enhanced migration management this book will be a useful resource for scholars and students studying geography politics security studies development studies African studies and sociology **Counter-Insurgency in Nigeria** Akali Omeni,2017-09-08 This book offers a detailed examination of the counter insurgency operations undertaken by the Nigerian military against Boko Haram between 2011 and 2017 Based on extensive fieldwork conducted with military units in

Nigeria Counter Insurgency in Nigeria has two main aims First it seeks to provide an understanding of the Nigerian military's internal role a role that today as a result of internal threats pivots towards counter insurgency The book illustrates how organizational culture historical experience institutions and doctrine are critical to understanding the Nigerian military and its attitudes and actions against the threat of civil disobedience today and in the past The second aim of the book is to examine the Nigerian military campaign against Boko Haram insurgents specifically plans and operations between June 2011 and April 2017 Within this second theme emphasis is placed on the idea of battlefield innovation and the reorganization within the Nigerian military since 2013 as the Nigerian Army and Air Force recalibrated themselves for COIN warfare A certain mystique has surrounded the technicalities of COIN operations by the Army against Boko Haram and this book aims to disperse that veil of secrecy Furthermore the work's analysis of the air force's role in counter insurgency is unprecedented within the literature on military warfare in Nigeria This book will be of great interest to students of military studies counter insurgency counter terrorism African politics and security studies in general

Military Assistance on Request and the Use of Force Erika De Wet, 2020-03-26 In countries such as Syria Iraq South Sudan and Yemen internationally recognized governments embroiled in protracted armed conflicts and with very little control over their territory have requested direct military assistance from other states These requests are often accepted by the other states despite the circumvention of the United Nations Security Council and extensive violation of international humanitarian law and human rights In this book Erika De Wet examines the authority entitled to extend a request for or consent to direct military assistance as well as the type of situations during which such assistance may be requested notably whether it may be requested during a civil war Ultimately De Wet addresses the question of if and to what extent the proliferation of military assistance on the request of a recognized government is changing the rules in international law applying to the use of force

University of California Santa Cruz **Special Operations Success** James D. Kiras, 2024-10-24 *Special Operations Success* establishes a new benchmark in military theory in this deeply analytic and innovative work. It answers several pressing questions: How successful have American special operations been over the past quarter century? Are special forces fated to cycles of expansion and misuse? Will special forces invariably exceed the authorities granted to them because of they are? Is a general theory of special operations feasible given the range of activities and conditions that fall under the category? Kiras' work is based on two decades of practical teaching and consulting experience within different special operations communities, and its analysis and conclusions are designed to inform practitioners, policymakers, educators, and the general public. The book develops a framework in the form of a theory comprising capabilities and control for the comprehensive evaluation of special operations success and is divided into three parts. Part I lays the foundation for a general theory of special operations. Part II explores the two component parts of theory: capabilities and control. Part III uses various aspects of the theory depending on available information to assess the success of special operations over a twenty-year period in the United Kingdom, South Africa, and the United States.

For an Anti-capitalist Psychology of Community Nick Malherbe, 2022-04-22 Anti-capitalist political struggle is a site of struggling psychologies. Conscious political action is never far from unconscious desire, and the fight for material justice is always also the fight for dignity and psychological well-being. Yet how might community psychologists conceive of their discipline in a way that opposes the very capitalist political economy that historically most of the psy disciplines have bolstered in return for disciplinary legitimacy? In its consideration of an anti-capitalist psychology of community, this book does not ignore or try to resolve the contradictory position of such a psychology. Instead, it draws on these contradictions to enliven psychology to the shifting demands, both creative and destructive, of a community-centred anti-capitalism. Using practical examples, the book deals with the psychological components of building community-centred social movements that challenge neoliberal capitalism as a political system, an ideology, and a mode of governing rationality. The book also offers several theoretical contributions that grapple with how an anti-capitalist psychology of community can remain attentive to the psychological elements of anti-capitalist struggle: what the psychological can tell us about anti-capitalist politics and how these politics can shape the psychological.

Prisoners of War and Military Honour, 1789-1918 Jasper Heinzen, 2025-01-03 Early in the modern period, prisoners of war with the rank of officer or equivalent had the right to petition for parole. By effectively pawning their personal honour, they were able to purchase freedom of movement and other privileges in captivity. Increasingly, other ranks and civilians claimed a right to parole too. Based on material from close to thirty Australian, British, Dutch, French, German, and Swiss archives, Jasper Heinzen investigates the role and implications of honour-based agreements between prisoners of war and their captors in western European warfare. Across a range of ego documents, ministerial memoranda, the minutes of Masonic lodges, and prisoners' petitions, as well as a substantial body of published material, he demonstrates how captives, statesmen, and humanitarians

understood honour in the long nineteenth century how they negotiated national differences and why parole d'honneur continued to matter as a code of conduct into the First World War In so doing the book demonstrates the dichotomy between good codes of conduct prevalent in the eighteenth century and the practices of modern warfare perpetuated by a substantial amount of scholarship to be a false one Explaining the longevity of parole in this novel way raises important questions about the so called military Enlightenment the excesses of the world wars total war and the practices and codes of modern warfare

New Forms of Human Trafficking Anabela Miranda Rodrigues, Maria João Guia, 2024-03-01 This book analyses new forms of human trafficking taking into account the transposition of the Directive 2011/36/EU which sets out minimum standards to be applied throughout the European Union in preventing and combating trafficking in human beings and protecting its victims Sexual exploitation of trafficked persons is at its highest rate After COVID 19 new forms of sexual exploitation have been identified specifically in the Global South The book analyses new forms of exploitation used by traffickers to coerce victims Combining the perspectives of academic researchers with those of highly skilled professionals from governmental institutions this book is a unique contribution promoting collaboration in preventing and combating human trafficking crime and in raising awareness of this ongoing problem

The Ethics of Engagement Herman Wasserman, 2021 What role should the media play in conflicts that arise during transitions to democracy What makes the role of the media in Africa different from those in other parts of the world What ethical responsibilities and obligations do the media have towards societies mired in conflict and characterized by social and economic inequality ethnic and racial polarization and histories of oppression and violence The Ethics of Engagement sets out to answer these questions by considering various examples of conflicts in African democracies and proposes an ethics of listening as a normative framework for the media

South Sudan's Injustice System Rachel Ibbeck, 2019-08-30 Coming into existence amid a wave of optimism in 2011 South Sudan has since slid into violence and conflict Even in the face of escalating civil war however the people of the country continue to fight for justice despite a widespread culture of corruption and impunity Drawing on extensive new research Rachel Ibbeck examines people's lived experiences as they navigate South Sudan's fledgling justice system as well as the courageous efforts of lawyers activists and ordinary citizens to assert their rights and hold the government to account In doing so the author reveals how justice plays out in a variety of settings from displacement camps to chiefs courts and in cases ranging from communal land disputes to the country's turbulent peace process Based on a collaborative research project carried out with South Sudanese activists and legal practitioners the book also demonstrates the value of conducting research with rather than simply about those affected by conflict At heart this is a people's story of South Sudan what works in this troubled country is what people do for themselves

In Different Times Ian van der Waag, Albert Grundlingh, 2019-11-15 This is the first attempt to bring together diverse scholars using different lenses to study South Africa's Border War As a book it is critical in approach provides deeper reflection and focuses

specifically on the SADF experience of the war The result is a more complex picture of the war s dynamics and its legacies Although South Africa is a vastly different country today the study of the Border War opens a range of questions also relevant to contemporary deployments such as in Lesotho 1998 and the Central African Republic 2013 It includes the debate on participation in foreign conflicts on the deployment design and preparation of appropriate modern armed forces and their use as foreign policy instruments in far off theatres on military planning and as the historical controversies regarding the battles at Cuito Cuanavale and Bangui illustrate on the interface between foreign campaigning and domestic politics
