The Difference A Day Makes English Edition:

What a Difference a Day Makes Steve Bergsman, 2023-10-30 In What a Difference a Day Makes Women Who Conquered 1950s Music Steve Bergsman highlights the Black female artists of the 1950s a time that predated the chart topping girl groups of the early 1960s Many of the singers of this era became wildly famous and respected and even made it into the Rock n Roll Hall of Fame However there were many others such as Margie Day Helen Humes Nellie Lutcher Jewel King and Savannah Churchill who made one or two great records in the 1950s and then disappeared from the scene The era featured former jazz and blues singers who first came to prominence in the 1940s and others who pioneered early forms of rock n roll In a companion volume Bergsman has written the history of white women singers of the same era Although song styles were parallel the careers of Black and white female singers of the period ran in very different directions as the decade progressed The songs of African American vocalists like Dinah Washington and Etta James were segregated to the R B charts or covered by pop singers in the early and mid 1950s but burst into prominence in the last part of the decade and well into the 1960s White singers on the other hand excelled in the early 1950s but saw their careers decline with the advent of rock music In this volume Bergsman takes an encyclopedic look at both the renowned and the sadly faded stars of the 1950s placing them and their music back in the spotlight

Jong,2003-04-03 Examining African Americans struggles for freedom and justice in rural Louisiana during the Jim Crow and civil rights eras Greta de Jong illuminates the connections between the informal strategies of resistance that black people pursued in the early twentieth century and the mass protests that emerged in the 1950s and 1960s Using evidence drawn from oral histories and a wide range of other sources she demonstrates that rural African Americans were politically aware and active long before civil rights organizers arrived in the region in the 1960s to encourage voter registration and demonstrations against segregation De Jong explores the numerous often subtle methods African Americans used to resist oppression within the confines of the Jim Crow system Such everyday forms of resistance included developing strategies for educating black children creating strong community institutions and fighting back against white violence In the wake of the economic changes that swept the South during and after World War II these activities became more open and organized culminating in voter registration drives and other protests conducted in cooperation with civil rights workers Deeply researched and accessibly written **A Different Day** spotlights the ordinary heroes of the freedom struggle and offers a new perspective on black activism throughout the twentieth century **A Different Day** Vanessa Beach,2013-06-20 Our
