The FBI's Counterterrorism Program:

The FBI's Counterterrorism Program U. S. Department of Justice, Federal Bureau of Investigation, 2014-11-07 During the past 31 months the FBI has undergone a transformation in all areas of its operations The transformation has involved both the institution of new functions and capacities as well as refinements of existing processes and programs to modernize our operations This book provides an overview of that reform process We have always had responsibility for the counterterrorism mission and the Bureau has a history of impressive accomplishments in the war against terrorism From the apprehension of Unabomber Theodore Kaczynski to the investigation and prosecution of those responsible for the 1993 World Trade Center bombing the 1995 Oklahoma City bombing and the 1998 East Africa Embassy bombings the FBI has investigated terrorist acts and helped to bring many of those responsible to justice In addition the Bureau has participated in preventing many terrorist acts before their commission as evidenced by the foiling of the Millennium Plot to plant explosives at Los Angeles International Airport the apprehension and prosecution of Ramzi Yousef and others for conspiracy to bomb United States commercial airliners and the arrest and prosecution of Sheik Omar Abdel Rahman and his co conspirators before they could carry out their plan to bomb office buildings bridges and tunnels in New York City Throughout his tenure Director Louis Freeh and his executives took steps to build that preventive capacity within the Bureau They established an intelligence Section within the Investigative Service Division and staffed it with analysts who were tasked with identifying and predicting criminal and terrorist threats They greatly enhanced our ability to coordinate investigations with our counterparts in other countries by nearly doubling the number of Legal Attach offices overseas Also they devised and implemented a strategy for developing a counterterrorism capability in each FBI field office The FBI responded to the attacks of September 11 2001 with a clear recognition that we needed both to build on the progress of the past decade and to enhance our operations and focus to meet the deadly challenge of modern terrorism In a process that started on September 11 2001 we have been reforming our organization operations and long term objectives to make the prevention of terrorist attacks the Bureau's overriding priority This new operational focus required that we fundamentally transform our organization to enhance our ability to predict and prevent terrorism We have followed a plan for this transformation that has seven basic elements Prioritization Mobilization Centralization Intelligence Integration Coordination Information Technology Administrative Reform These elements are the foundation of an effective Counterterrorism Program The following describes each element of the plan in some detail Combating terrorism FBI's use of federal funds for counterterrorism-related activities (FYs 1995-98) : report to the Chairman, Subcommittee on Administrative Oversight and the Courts, Committee on the Judiciary, U.S. Senate , *The FBI* Edward V. Pekar, 2005 The Federal Bureau of Investigation FBI is the Nation's premier law enforcement organisation responsible for gathering and reporting facts and compiling evidence in cases involving federal jurisdiction It has broad jurisdiction in federal law enforcement and in national security

and is a statutory member of the US Intelligence Community From its official inception in 1908 the FBI s mission jurisdiction and resources have grown substantially in parallel with the real or perceived threats to American society culture political institutions and overall security In 2003 the organisation has approximately 26 000 employees about 12 000 of whom are Special Agents The FBI has had many successes in countering criminal and hostile foreign intelligence and terrorist activity in its storied history However in its zeal to protect US national security the FBI occasionally exceeded its mandate and infringed upon the protected rights of US citizens Currently the FBI is undergoing a massive reorganisation to shift its culture from reaction to crimes already committed to detection deterrence and prevention of terrorist attacks against US interests The FBI continues to be a major domestic and international force in the war against terrorism This new book covers such issues as Can the FBI sufficiently adapt its law enforcement culture to deter detect and prevent terrorism Should some of the FBI s criminal jurisdiction be devolved to state and local law enforcement Should a statutory charter for the FBI be developed and Does the planned co location of the FBI s operational Counterterrorism Division with the newly formed Terrorist Threat Integration Center provide an opportunity for foreign intelligence entities to engage in domestic intelligence activities CONTENTS Preface The FBI Past Present and Future FBI Intelligence Reform since September 11 2001 Index
