Facilitating Reflective Learning Anne Brockbank, Ian McGill, 2012-07-03 Facilitating Reflective Learning Coaching Mentoring and Supervision is written by two leading experts in the field The text explains how coaching and mentoring works in different situations The authors guide the reader through key learning theories describe the different models available for coaching and mentoring and demonstrate how they can be applied in practice In this completely revised new edition robust theory is backed up by practical advice and numerous case studies The coaching and mentoring skills used in different situations are clearly described Ready to use resources include templates for contracting reviewing and evaluating as well as guidance on group dynamics for team coaching and group supervision Advice is also included on sensitive areas such as the boundary between mentoring or coaching and therapy and the desirability of supervision

Playbuilding as Qualitative Research Joe Norris, 2017-03-02 This book is for both art based researchers and research informed artists exploring the theatrical genre known as Collective Creation or Playbuilding Performers generate data around chosen topics from addiction and sexuality to qualitative research by compiling scenes from their disparate voices Audience members become involved in the investigation and the performed scenes do not end the conversation but challenge and extend it Through discussion and audience participation the process examines how knowledge is defined and how data is mediated

Humour in the Beginning Roald Dijkstra, Paul van der Velde, 2022-10-15 Humour in the Beginning presents a multidisciplinary collection of fourteen in depth case studies on the role of humour both benign and blasphemous elitist and ordinary orthodox and heterodox in early formative stages of Christianity Islam Buddhism Hinduism and late antique Judaism Its coherence is strengthened by four preceding theoretical essays many cross references and a conclusion Thus the volume allows for a methodologically sound comparison and explanation of historical views on humour in the world s most important religions At first sight the foundational period of religions do not seem to offer much opportunities for humour A closer look on primary sources however reveals the ways in which people formulated answers to existing ideas on humour and laughter in moments of religious renewal Main topics include the incongruous nature of the divine the role of anthropomorphism superior and didactic humour moderate laughter responses from dissenters and the gap between religious regulations and reality

Interviewing Groups and Individuals in Qualitative Market Research Joanna Chrzanowska, 2002-07-18 Anyone using practising or teaching qualitative research will find in this series a treasure house of ideas techniques and issues This is a must have Admap this is one of the best texts on the subject I ve come across and I did find some of the content truly inspirational Mick Williamson Creative Director TRBI for in Brief magazine It will be essential reading for anyone involved with qualitative market research David Barr Director General of the Market Research Society An ideal resource for people aiming for a qualitative market research career for academics interested to know more about an important field of application for qualitative research methods or for those who

are already engaged in the field and who wish to update their skills and reflect on their practice and profession Nigel Fielding University of Surrey Qualitative Market Research is a landmark publishing event The seven volumes provide for the first time complete coverage of qualitative market research practice written by experienced practitioners for both a commercial and academic audience The set fills two important market gaps it offers commercial practitioners authoritative source texts for training and professional development and provides students and researchers with an account of qualitative research theory and practice in use today Each book cross references others in the series but can also be used as a stand alone resource on a key topic The seven books have been carefully structured so as to be completely accessible in terms of language use of jargon and assumed knowledge Experienced market researchers will find the tools to help them critically evaluate their own work Those new to market research will be provided with a complete map of qualitative market research theory and practice including brands and advertising theory and the stimulation to discuss and learn more with tutors and practitioners Qualitative Market Research will be an invaluable resource for academic and professional libraries commercial market researchers as well as essential reading for students in market research marketing and business studies
