The 9/11 Commission Recommendations on Public Diplomacy United States. Congress. House. Committee on Government Reform. Subcommittee on National Security, Emerging Threats, and International Relations, 2005 *A Citizen's Guide to American Ideology* Morgan Marietta, 2012-03-29

Conservatives and Liberals often resort to cartoon images of the opposing ideology, relying on broadly defined caricatures to illustrate their opposition. To help us get past these stereotypes, this short, punchy book explains the two dominant political ideologies in America today, providing a thorough and fair analysis of each, as well as insight into their respective branches. To help us understand the differences between the two contrasting ideologies, Morgan Marietta employs an innovative metaphor of a tree, growing from ideological roots to a core value, expanding into a problem that creates the competing branches of the ideology. This approach suggests a clear way to explain and compare the two ideologies in an effort to enhance democratic
