Geography, High School Version Lydia Mihelic Pulsipher, Alex Pulsipher, 2003-07-10 World Regional Geography, High School Version Lydia Mihelic Pulsipher, Alex Pulsipher, 2003-08-24 **Glencoe World Geography, Student Edition**

McGraw Hill, 2002-01-25 The only high school geography text co authored by the National Geographic Society Glencoe World Geography offers not only a fascinating view of the world enlivened by but also a meticulous accurate presentation This program focuses on the development of geographic literacy Features Unequalled Authorship National Geographic writers and photographers have teamed to make Glencoe World Geography the most engaging geography program available Every page map chart and picture has been carefully fact checked by National Geographic s Cartographer in Residence and the maps are carefully labeled up to date and colorful A Geographic View taken from the pages of National Geographic magazine opens every section of the text and grabs your students attention Connections to Today Geography and History shows students how geography has affected historical events in various regions of the world The Regions Today Viewpoint Case Studies provide opportunities for students to discuss the environmental challenges facing the world s regions **Glencoe**

World Geography, Student Edition McGraw-Hill Education, 2004-01-08 Develop geographic literacy with the only high school geography text co authored by the National Geographic Help your students make the connection between geography and history as well as geography and current events *Global Perspectives in the Geography Curriculum* Alex Standish, 2008-10-07 For geographers across the globe this book provides the arguments for a return to the teaching of geography and why they should reject the politicisation of the subject by education policy makers and politicians Standish s careful critique shows the necessity of a depoliticised geography curriculum the irony of which would be that it would ensure that every child could point to Iraq Iran and Afghanistan on a map Prof Dennis Hayes Oxford Brookes University UK A prescient and critical analysis of the changing face of geography teaching This book deserves to be widely read and debated Alex Standish s book puts current trends in geography teaching in historical and critical context It comprises a forthright and timely defence of geographical education for its own sake Dr Jim Butcher FRSA Department of Sport Science Tourism and Leisure Canterbury Christ Church University Since the early 1990s educational policy makers and some subject leaders have

been seeking to fundamentally change the teaching of geography in UK and US schools from a subject which encourages students to explore spatial concepts ideas and skills to a more ethics based subject concerned with the promotion of environmentalism cultural diversity and social justice In this book the new approach is critically examined within a historical and ideological context addressing a number of fundamental questions Should geography be used as a tool for the delivery of citizenship ideals How does this affect the intellectual and moral value of geographical education for young people If the state and teachers are taking more responsibility for the values attitudes and emotional responses of students how will they learn to develop these qualities for themselves If global perspectives shift the focus of education from learning about the outside world to learning about the self what is its vision of social progress and conception of social change This book advocates a return to liberal models of education arguing that the new approach to geography currently being promoted for schools fundamentally undermines the educational value of the subject and the freedom of young people to shape the world in which they live A vital resource for teachers and student teachers alike *Global Perspectives in the Geography Curriculum* makes a significant contribution to the growing debate about the future direction of the discipline itself *World Regional Geography, High School Version + Atlas of World Geography 2003* Lydia Mihelic Pulsipher,Alex Pulsipher,2003-08-15

Let's Review Global History and Geography Mark Willner,Mary Martin,Jerry Weiner, Ph.D. Ph.D.,David Moore,George A Hero, M.A.,2010 Updated to encompass significant world events and reflect the latest New York State Regents Exams this book emphasizes the basics of world geography the social sciences and their relationship to the growth and development of civilizations All titles in the Let s Review series are designed to prepare high school students for the New York State Regents Exams but also make fine textbook supplements for use in high schools everywhere In addition to its comprehensive subject review this title features the latest Regents Exams with answers **The Geographical Imagination in America, 1880-1950** Susan Schulten,2001-04 Schulten examines four enduring institutions of learning that produced some of the most influential sources of geographic knowledge in modern history maps and atlases the National Geographic Society the American university and public schools **BOOK JACKET** The New Politics of the Textbook Heather Hickman,Brad J. Porfilio,2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K 16 schools to perpetuate their interests at the expense of minoritized social groups The contributors provide a comprehensive examination of how textbooks the most dominant cultural force in which corporations and political leaders impact the schooling curricula shape students thoughts and behavior perpetuate power in dominant groups and trivialize social groups who are oppressed on the structural axes of race class gender sexuality and dis ability Several contributors also generate critical insight in how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism militarism consumerism White supremacy heterosexism rugged

individualism technology and a positivistic conception of the world Finally the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other to reflect upon the constitutive forces causing oppression in schools and in the wider society and to reflect upon how to challenge corporate and political dominance over knowledge production **Standard Catalog for High School Libraries** ,1929 The 1st ed accompanied by a list of Library of Congress card numbers for books except fiction pamphlets etc which are included in the 1st ed and its supplement 1926 29

Textbook & Teacher ,1963 Textbooks in School and Society Arthur Woodward,David L. Elliot,Kathleen Carter Nagel,2013-08-21 Textbooks have been standard schoolroom fixtures for as long as most living citizens of this country can remember Many turn of the century students were introduced to reading through the moralistic McGuffey Readers and struggled through the rather drab and colorless pages of volumes on history geography and civics In contrast today s textbooks contain not only narrative content accompanied by colorful photographs and graphics but also section and chapter exercises that are extended through the use of worksheets and other materials Moreover the textbook and its related student materials are packaged together with teacher s editions and tests in grade level sets that amount to content area programs rather than mere texts **Teacher Edition** Richard G. Boehm,McGraw-Hill Education (Firm),2014 McGraw Hill Networks A Social Studies Learning System is a multiple award winning program Connect today s students to the people and places from around the world with integrated print and digital middle school world geography curriculum grounded in solid pedagogy with a full suite of teaching and learning tools for a flexible customized learning experience publisher **Social Studies Curriculum, The, Fourth Edition** E. Wayne Ross,2014-11-01 This fully revised and updated edition includes twelve new chapters on contemporary topics such as ecological democracy Native studies inquiry teaching and Islamophobia The Social Studies Curriculum Fourth Edition updates the definitive overview of the issues teachers face when creating learning experiences for students in social studies The book connects the diverse elements of the social studies curriculum civic global social issues offering a unique and critical perspective that separates it from other texts Completely updated this book includes twelve new chapters on the history of the social studies democratic social studies citizenship education anarchist inspired transformative social studies patriotism ecological democracy Native studies inquiry teaching Islamophobia capitalism and class struggle gender sex sexuality and youth experiences in school and critical media literacy All the chapters from the previous edition have been thoroughly revised and updated including those on teaching social studies in the age of curriculum standardization and high stakes testing critical multicultural social studies prejudice and racism assessment and teaching democracy Readers are encouraged to reconsider their assumptions and understanding about the origins purposes nature and possibilities of the social studies curriculum *Preferred List of Books for District School Libraries in the State of Michigan* Michigan. Department of Public Instruction,1914 *Communist Chinese Scientific Abstracts* United States. Joint Publications Research Service,1966 Resources in Education ,2000 **Research in Education** ,1974
