Achieving Economic Development in the Era of Globalization Shalendra D. Sharma,2007-10-04 Challenging assumptions about the benefits of specific development practices this book provides readers with overview of how competing frameworks have developed and the ways that specific development practices reflect specific understandings of the main debates as well as offering a comprehensive historical overview of attempts to achieve economic Development Issues in Global Governance Benedicte Bull,Desmond McNeill,2007-01-24 This is a new study of how and why multilateral organizations are increasingly working with private actors including for profit companies and corporations business organizations and private foundations **Education and International Development, 2000-2020** Ian Wash,2024-08-22 Education and International Development 2000 2020 A Constructivist Critique of the One size fits all Liberal Model advances the claim that there exists a liberal theory of international education Ian Wash argues that the assumed harmony of this model is the main source of dispute in the field of education and international development The liberal thinking behind the aspirations for education the political levers necessary for its effective governance and the ideas behind the policies all have contributed towards growing tensions that prevented international education from achieving optimal functionality Through a qualitative discourse analysis of the key policy documents produced between 2000 and 2020 Wash reveals how the liberal model was discursively constructed as a grand narrative of three acts that chronicles the vision process and outcomes of international education Such a rendering brings an understanding of the hidden conflicts essential for finding a resolution to this policy puzzle thereby improving the prosperity and wellbeing of those in poorer countries *Bridging Diversity* Lawrence F. Salmen,Eileen Kane,2006 Today one of the central tenets of development is the necessity for learning about and building upon stakeholders and beneficiaries insights needs culture social organization resources and active participation

Bridging Diversity clarifies the myriad approaches to social research being used in the World Bank today The focus is on participatory research as presently practiced and as a potential for forms of research which are not now particularly participatory It makes a number of recommendations to enhance the utility of social research in and outside of the Bank

Eliminating Human Poverty Santosh Mehrotra, Enrique Delamonica, 2013-07-04 This book focuses on the provision of basic social services in particular access to education health and water supplies as the central building blocks of any human development strategy The authors concentrate on how these basic social services can be financed and delivered more effectively to achieve the internationally agreed Millennium Development Goals Their analysis which departs from the dominant macro economic paradigm deploys the results of broad ranging research they led at UNICEF and UNDP investigating the record on basic social services of some 30 developing countries In seeking to learn from these new data they develop an analytical argument around two potential synergies at the macro level between poverty reduction human development and economic growth and at the micro level between interventions to provide basic social services Policymakers they argue can integrate macro economic and social policy Fiscal monetary and other macro economic policies can be compatible with social sector requirements They make the case that policymakers have more flexibility than is usually presented by orthodox writers and international financial institutions and that if policymakers engaged in alternative macro economic and growth oriented policies this could lead to the expansion of human capabilities and the fulfillment of human rights This book explores some of these policy options The book also argues that more than just additional aid is needed Specific strategic shifts in the areas of aid policy decentralized governance health and education policy and the private public mix in service provision are a prerequisite to achieve the goals of human development The combination of governance reforms and fiscal and macro economic policies outlined in this book can eliminate human poverty in the span of a generation

Population ageing and international development Peter Lloyd-Sherlock, 2010-01-20 Over the next 40 years the number of people aged 60 in the world many of whom live in developing regions will grow by 1.14 billion What will old age be like for them This original book provides an analysis of links between development population ageing and older people challenging some widely held misconceptions It highlights the complexity of international experiences and argues that the effects of population ageing on development are influenced by policy choices The book will be of interest to a range of academic disciplines including economics gerontology social policy and development studies as well as policy makers and practitioners concerned with developing countries

How to Build M and E Systems to Support Better Government Keith Robin Mackay, 2007 A growing number of governments are working to improve their performance by creating systems to measure and help them understand their performance These systems for monitoring and evaluation M E are used to measure the quantity quality and targeting of the goods and services the outputs that the state provides and to measure the outcomes and impacts resulting from these outputs These systems are also a vehicle to facilitate understanding of the causes of good and
