World History Chapter 23:

Navigating World History P. Manning, 2003-05-15 World history has expanded dramatically in recent years primarily as a teaching field and increasingly as a research field. Growing numbers of teachers and Ph.D.s in history are required to teach the subject. They must be current on topics from human evolution to industrial development in Song dynasty China to today's disease patterns and then link these disparate topics into a coherent course. Numerous textbooks in print and in preparation summarize the field of world history at an introductory level. But good teaching also requires advanced training for teachers and access to a stream of new research from scholars trained as world historians. In this book Patrick Manning provides the first comprehensive overview of the academic field of world history. He reviews patterns of research and debate and proposes guidelines for study by teachers and by researchers in world history.

World History Steven Wallech, Touraj Daryaee, Craig Hendricks, Anne Lynne Negus, Peter P. Wan, Gordon Morris Bakken, 2013-01-22 World History A Concise Thematic Analysis presents the highly anticipated second edition of the most affordable and accessible survey of world history designed for use at the college level. This text offers a comparative analysis of great civilizations of Eurasia, Africa, and the Americas in an engaging narrative that contextualizes history instead of drowning students in a sea of facts. Themes addressed include population dynamics, food production, challenges, disease, history, warfare, and others. Instructor resources are available online for this text. This new edition of World History A Concise Thematic Analysis features a newly designed interior organization to enhance navigation and comprehension of the material. An instructors test bank is available online.

World History-Student James P. Stobaugh, 2012-03-01 Respected Christian educator Dr. James Stobaugh offers an entire year of high school world history curriculum in an easy to teach and comprehensive volume. World History Observations Assessments from Creation to Today employs clear objectives and challenging assignments for the twelfth grade student. This study will help students develop a Christian worldview while forming his or her own understanding of world history trends, philosophies, and events. The following components are covered for the student: Critical thinking, Examinations of historical theories, terms, and concepts; History makers who changed the course of history; Overviews and insights into world views. This 288 page student resource should be used in conjunction with the World History Observations Assessments from Creation to Today for the Teacher. American History and British History are included in this comprehensive high school history curriculum for 10th, 11th, and 12th grades offered by Dr. James Stobaugh and Master Books.
