World History Ellis Esler The Volume1 Chapter6:

World History Elisabeth Gaynor Ellis, Anthony Esler, 2014 *El-Hi Textbooks and Serials in Print*, 2003 **Politically Incorrect Guide to Communism** Paul Kengor, 2017-10-02 A brand new installment of the beloved Politically Incorrect Guide series The Politically Incorrect Guide to Communism is a fearless critique of freedom's greatest ideological adversary past and present **Sick Schools** David V. Anderson, 2020-01-10 Who's afraid of for-profit education? Those who work in non-profit or government-owned and operated schools. Many parents and other stakeholders have been made fearful by this education establishment. What's more important to humans: nutrition or education? Nutrition is more important because it is the prerequisite for other human activities including education. What organizations provide food and who pays for the food? Food is provided by for-profit farmers, for-profit processors, for-profit wholesalers, and for-profit retailers. Most food is purchased with the consumer's own money, but a significant amount is purchased by low-income individuals using food stamps. Why can't education be provided similarly using education stamps? We trust for-profit enterprises to provide our food. Why can't we trust for-profit enterprises to provide K-12 education? Fear-mongers have frightened us and made us into gullible, compliant socialists who despise commercial activities in education. Go to the supermarket and ponder its marvelous array of foods, and then contemplate how a for-profit K-12 education sector would please and amaze its customers. *The New Politics of the Textbook* Heather Hickman, Brad J. Porfilio, 2012-10-13 In an age of unprecedented corporate and political control over life inside of educational institutions, this book provides a needed intervention to investigate how the economic and political elite use traditional artifacts in K-16 schools to perpetuate their interests at the expense of minoritized social groups. The contributors provide a comprehensive examination of how textbooks, the most dominant cultural force in which corporations and political leaders impact the schooling curricula, shape students' thoughts and behavior, perpetuate power in dominant groups, and trivialize social groups who are oppressed on the structural axes of race, class, gender, sexuality, and disability. Several contributors also generate critical insight into how power shapes the production of textbooks and evaluate whether textbooks still perpetuate dominant Western narratives that normalize and privilege patriotism, militarism, consumerism, white supremacy, heterosexism, rugged individualism, technology, and a positivistic conception of the world. Finally, the book highlights several textbooks that challenge readers to rethink their stereotypical views of the Other, to reflect upon the constitutive forces causing oppression in schools and in the wider society, and to reflect upon how to challenge corporate and political dominance over knowledge production. **Subversive Meals** Streett R. Alan, 2016-11-24 In *Subversive Meals*, Alan Streett follows on from James C. Scott's idea of a hidden transcript to argue that the Lord's Supper was a subversive, non-violent act against the Roman Empire. Primarily through exegesis of the writings of Luke and Paul, Streett examines the political nature of the meal in the context of first-century Roman domination. In his widely researched argument, Streett illuminates for the reader why understanding the Lord's Supper as a purely symbolic act overlooks the

political significance it would have had in the first century CE Subversive Meals analyses how the structure of the Lord's Supper followed that of a Roman banquet by having a deipnon and a symposium the latter being the time when anti resistance discussions would take place Streett examines several aspects of the history context and theological significance of the Lord's Supper He discusses such topics as the identification of Passover as an anti imperial meal against the Pharaoh's rule the Roman domination system the meal practices of Jesus the eschatological meaning of the Last Supper the practice of this anti imperial work ethic in the early church and the gift of prophecy as a symposium activity By seeing the Lord's Supper as a political act readers will be able to study Scriptural passages more closely and precisely
