Astrology in India Nupurnima Yadav, 2021-11-22. This book critically examines the larger world of astrology in India, its ubiquity, and relationship with religion, caste, gender, class, and aspirations. It looks at astrology through an empirical and phenomenological lens, analyzing different meanings and questions associated with it: How do people see astrology as magic, science, religion, or a knowledge system? The volume analyses the role of astrology in religious and social ceremonies, the interplay of faith and fear, beliefs, practices, mysticism, and skepticism in middle-class households, and gendered negotiations in everyday life. It also delves into how astrology has emerged as a livelihood and an industry, the continued fascination with it even in an era of technological advancement, and its domination of the vernacular media.
