The Firestone Is Mankind Ready:

The Firestone . . . Is Mankind Ready? Val Edward Simone, 2014-11-06 Indiana Jones meets National Treasure A lost language is recovered An ancient technology is rediscovered The end of the world is only a spark away Twenty five thousand years ago a powerful device destroyed an entire civilization through its misuse This device is about to be rediscovered Hannibal Storm a brilliant but less than renowned archaeologist has stumbled upon the definitive alternative energy source It is clean wireless renewable and it can either transform the world into a paradise or destroy it completely Join Hannibal in his exciting quest to rediscover the ultimate alternative energy source before those who wish to control it destroy his plan to make it FREE to the world and kill him in the process The race is on to find THE FIRESTONE Manners and Customs of Mankind Sir John Alexander Hammerton, 1939 **New Approaches to Human Dignity in the Context of Qur'ānic**

Anthropology Rüdiger Braun, Hüseyin I. Cicek, 2017-05-11 In recent years the challenge of relating one's own theological concept of man and his destiny to secular topics such as the inviolability of human dignity has generated a dynamic discourse about how Islamic anthropology can help cultivate and perfect the individual self and social humanisation This anthology brings together contemporary Muslim and non Muslim approaches to the secular notion of human dignity with reference to the Islamic tradition in general and the anthropology of the Qur'an in particular The collection presents approaches to Islamic theological anthropology across a range of fields especially with regard to the narrative of Adam and Iblis which occurs in all monotheistic traditions It focuses on the specific grammars of anthropological narratives at the levels of the canonical text of the Qur'an itself Section I and the interpretations that focus on its performative discourse Section II Further to this the normative implications of the human images that are derived from the canonical text and its interpretations are discussed in Section III The dynamic interdependencies between the hermeneutics of the Qur'an theological anthropology and legal philosophy particularly in the European context are a promising field of research that not only allows a deeper insight into the multiperspectivity and indexicality of theological anthropology but also has the potential to facilitate the long overdue discursive cooperation and rapprochement between Muslim and non Muslim scholarship *The Final Book: Gods* SW Hammond, 2017-05-16 Multi cultural multi historical and spanning man's faith across time The Final Book is a controversial and blasphemous last chapter of humanity In the beginning there was love The Goddess of Life in an elated romance with a beloved mortal Her sister killed him Their combined actions ripping a hole in destiny and plaguing mankind with an age of unprecedented corruption vicious holy wars and religious absolution Though long forgotten by the mortals they serve Zeus and his Pantheon continue to foster and protect mankind which is tearing itself apart but even God isn't infallible After failed diplomacy the King of the Gods is left with no choice but to take the persona of a modern man the famed genetic scientist Dr Hork In an effort to preserve the future by reshaping the past Dr Hork uses Project Genesis the transfer of consciousness to send subjects back in time However not without devastating failures Subjects of the experiment wreak havoc upon humanity

until a familiar character is reborn to correct the course Reincarnated and ready to fulfill his true destiny Joshua Bach is the catalyst the Gods have been waiting for and Dr Hork s final beacon of salvation Ferociously idealistic the free spirited young man struggles to come of age in a time and society ruled by money and corruption Under the wing of the Gods Josh rediscovers his purpose along with a love that can only be considered timeless Set in three periods modern day the 1960s and ancient Mesopotamia this epic blends human history ruthless mythology science fiction and the supernatural to tell a love story of the future
