Colburn, Bruce Leff, Mariah L. Robertson, Mattan Schuchman, 2024-11-25 Older adults are living longer with more chronic disease and functional impairment than at any other time in history Office based practice is inadequate to meet the needs of patients who have difficulty leaving their homes for routine or urgent visits and health care clinicians must choose between trying to manage their problems via telehealth or sending them to the emergency room via ambulance Indeed many clinicians receive little or no training in home based medical care and are unable to consider a home visit that might avert a health crisis or an emergency room visit Other clinicians know that house calls are possible but may not know how to work them into day to day practice In recent years a growing number of clinicians have focused their practice on home based medical care to meet the rising need In fact there has been a substantial increase in house calls provided to Medicare beneficiaries In 2023 over 750 000 traditional Medicare beneficiaries and in 2022 over 680 000 Medicare Advantage beneficiaries received longitudinal home based medical care While the number of house calls has increased rapidly the number of clinicians providing those visits has markedly decreased suggesting that clinicians who are providing such care are making it the sole focus of their practice This book is intended to be a practical reference for any clinician who has struggled to care for an older adult who has difficulty getting to the office By describing fundamental principles of geriatric house call medicine and application to specific diseases and conditions we hope to provide clinicians with the tools they need to provide timely compassionate and high quality care for their older adult patients The second edition has been updated to reflect changes in the healthcare system and approaches to care since the publication of the first edition Medical-Surgical Nursing Priscilla LeMone, Karen Burke, Trudy Dwyer, Tracy Levett-Jones, Lorna Moxham, Kerry Reid-Searl, 2015-05-20 The focus of this product package is to provide students with a strong knowledge base an understanding of contemporary practice issues in Australia and the capacity for sound clinical reasoning You will use these professional attributes in order to provide safe and effective nursing care This easily understood straightforward Australian edition integrates the following concepts epidemiology pathophysiology pharmacology legal and ethical issues therapeutic communication interprofessional communication and cultural safety **Tabbner's Nursing Care** Jodie Hughson, 2016-09-01 The only text in the market written specifically for Diploma of Nursing students in Australia and New Zealand Written by Gabrielle Koutoukidis Kate Stainton and Jodie Hughson Tabbner s Nursing Care Theory and Practice 7th edition provides a solid foundation of theoretical knowledge and skills for nursing students embarking on an Enrolled Nurse career Reflecting the current issues and scope of practice for
