interactions with campus counseling were lost The university was suddenly on the defensive Was the university in fact partially responsible for the tragedy because of the bureaucratic red tape involved in obtaining assistance for students with mental illness or was it just like many colleges woefully underfunded and therefore underequipped to respond to such cases Who was Seung Hui Cho Was he fully protected under the constitutional right to freedom of speech or did his writing and behavior present serious potential threats that should have resulted in immediate intervention How can we balance students individual freedom with the need to protect the community These are the questions that have haunted Roy since that terrible day No Right to Remain Silent is one teacher s cri de coeur her dire warning that given the same situation today two years later the ending would be no less terrifying and no less tragic
