Freshwater Challenges of South Africa and its Upper Vaal River Anja du Plessis, 2017-02-07 This book promotes better understanding and awareness of South Africa significant water problems by describing the country's and especially the Upper Vaal River's water resources. It is a go-to book for students, professionals, and regular citizens when information is required regarding the country's and more specifically the Upper Vaal River's freshwater resources. It highlights the major problems and risks which need to be addressed and give a realistic and true representation of the current water affairs.

Environmental Science and Information Application Technology David Chan, 2015-06-29 Environmental Science and Information Application Technology contains selected papers from the 2014 5th International Conference on Environmental Science and Information Application Technology ESIAT 2014 Hong Kong 7-8 November 2014. The book covers a wide variety of topics: Global Environmental Change and Ecosystems Management, Graphic and Information Technology, and Environmental Science and Information Application Technology. *Afrotropical Streams and Rivers* Tatenda Dalu, Frank Masese, 2024-11-09 The *Afrotropical Streams and Rivers* Structure, Ecological Processes, and Management is a comprehensive guide that provides assessment of major rivers and tributaries in Africa. Unlike other books available, the editors present a thorough study of geomorphological, hydrological, biological, and ecological processes incorporating a range of plant and animal communities while considering implications of human communities that depend upon them. This book, edited by a diverse cohort of researchers and/or scholars, is intended as an educational and practical guide for graduate students, researchers, and scientists who focus on the biodiversity conservation and management policy issues of the African river systems. Provides a comprehensive introduction to African freshwater rivers, their biota, and abiotic processes. Contains unique case studies on African streams and rivers. Organised around an interdisciplinary approach that covers the complex aspects of conservation and management of African river systems on the continent. **Gem**

DK, 2023-03-07 Prepare to be dazzled by this shining and sumptuous visual guide to the world's greatest treasures. Feast your eyes on glittering gemstones, kaleidoscopic minerals, and famous trinkets in this comprehensive exploration of Earth's finest jewels. Following a foreword from Aja Raden, hundreds of pages take a lavish look at precious stones, precious metals, and organic gems in all their natural wonder. From agate to zoisite, everything under the Sun is encapsulated in spectacular photography and accessible text. Trace the history of gemmology and get the inside story on our planet's most famous and fabulous gems, including the mysterious Hope Diamond, the stunning Koh-i-Noor of the Crown Jewels, and exquisite Fabergé eggs. Biswas, Jan Lundqvist, 2013-09-13 Efficient and equitable water, wastewater, and stormwater management for the megacities is becoming an increasingly complex task. The special issue will focus on water management in its totality for megacities, including their technical, social, economic, legal,

institutional and environmental dimensions through a series of specially invited case studies from different megacities of the world At present around one out of two of the earth s 6 3 billion people live in urban areas Each year the world population grows by around 80 millions Practically all of this growth is urban primarily due to migration World s urban population is expected to reach 5 billion by 2030 which is nearly 2 3rd more than in 2000 and would mean that 60% of world s population will live in urban areas The case studies analysed include some of the most interesting and challenging megacities of this planet Dhaka Istanbul Jakarta Johannesburg M xico City Riyadh and S o Paulo They assess different aspects of how water is intermingled in the overall development milleau The special issue will considers the magnitudes nature and extent of the present and future challenges and how these could be meet in socially acceptable and cost effective ways The contributors are all acknowledged water experts from different parts of the world This book was previously published as a special issue of the International Journal of Water Resource s Development

Social Constructions of Water Quality in South Africa

Suvania Naidoo,2022-05-04 This book details how the water quality of the Blesbokspruit River in Gauteng South Africa was socially constructed by stakeholders and key individuals in the context of acid mine drainage AMD and its treatment Social constructionism is used as the framing for this research to explain how water is intrinsically social Findings presented here show that stakeholders are aware that the changes in the physicality of the Blesbokspruit resulted from human interventions and varied uses of the water over the years Such knowledge among factors such as the historical context of mining current coal mining flows and volumes of water technology used and processes followed information and communication and vested interests influence social constructions of the water quality What counts as the truth about water varies depending on the individual s perspective their purpose and their individual interests Further how one defines water quality influences what treatment processes are preferred in order to improve water quality The book explains why for example a treatment process meant to improve water quality gained a bad reputation by the public because of the South African government s silo approach The book explains how these social constructions are entrenched in power relations between stakeholders regarding AMD treatment and illustrates how power was used to influence decisions to improve the water quality of the Blesbokspruit The case presented in this book offers insights and recommendations for policymakers working in water governance including means to influence social constructions of water quality and ways to clarify roles and responsibilities in pursuit of improved cooperative government

Landscapes and Landforms of South Africa Stefan Grab,Jasper

Knight,2015-03-05 This book presents a beautifully illustrated overview of the most prominent landscapes of South Africa and the distinctive landforms associated with them It describes the processes origins and the environmental significance of those landscapes including their relationships to human activity of the past and present The sites described in this book include amongst others the Blyde River Canyon Augrabies Falls Kruger National Park Kalahari desert landscapes the Great Escarpment Sterkfontein caves and karst system Table Mountain Cape winelands coastal dunes rocky coasts Boer War

battlefield sites and Vredefort impact structure Landscapes and Landforms of South Africa provides a new perspective on South Africa s scenic landscapes by considering their diversity long and short term histories and importance for geoconservation and geotourism This book will be relevant to those interested in the geology physical geography and history of South Africa climate change and landscape tourism *Ecological Informatics* Friedrich Recknagel,William K.

Michener,2017-09-21 This book introduces readers to ecological informatics as an emerging discipline that takes into account the data intensive nature of ecology the valuable information to be found in ecological data and the need to communicate results and inform decisions including those related to research conservation and resource management At its core ecological informatics combines developments in information technology and ecological theory with applications that facilitate ecological research and the dissemination of results to scientists and the public Its conceptual framework links ecological entities genomes organisms populations communities ecosystems landscapes with data management analysis and synthesis and communicates new findings to inform decisions by following the course of a loop In comparison to the 2nd edition published in 2006 the 3rd edition of Ecological Informatics has been completely restructured on the basis of the generic conceptual f ramework provided in Figure 1 It reflects the significant advances in data management analysis and synthesis that have been made over the past 10 years including new remote and in situ sensing techniques the emergence of ecological and environmental observatories novel evolutionary computations for knowledge discovery and forecasting and new approaches to communicating results and informing decisions **Proceedings of 9th Edition of International**

Krienitz,2018-12-31 This book provides insights into the fascinating life of the Lesser Flamingo *Phoeniconaias minor* and describes how this enigmatic bird has adapted to the extreme conditions of tropical soda lakes and can even withstand the caustic effects of brine However humans are increasingly disrupting the natural cycles of these wetlands and for these pink birds characteristic of these salt lakes it is becoming more and more difficult to find suitable habitats food and breeding grounds Their fate is considered a cautionary example of man s dealings with nature Will the Lesser Flamingo survive in a man made world Flamingos are considered to be an embodiment of the Phoenix and the author interweaves his personal experiences with and observations of the flamingos unusual habitats with the Phoenix motif in order to stimulate reflection on the circle of life Written in an accessible style that combines science biological information and the author s own travels and fieldwork the book also includes a wealth of captivating images As such it offers a unique resource for biologists and nature loving Africa and Asia enthusiasts alike **Forging Solidarity** Astrid von Kotze,Shirley Walters,2017-04-13

Animating this book is a twofold question In what ways are adult and popular educators responding to various harsh economic political cultural and environmental conditions In doing so are they planting seeds of hope for and imaginings of alternative futures which can connect individuals and communities locally and globally to achieve economic ecological and social justice The book illustrates how transformative politics of solidarity often involve actors across vastly different backgrounds Solidarity is therefore a political relationship that is forged through particular struggles situated in place and time across power differentials The authors put popular education to work by describing and analysing their strategies and approaches They do so using accessible language and engaging styles Popular education is a medium for dreaming for imagining other futures It is also essential for countering the wilful spreading of fake news and propagation of ignorance Pedagogies of solidarity are necessary to building connections amongst people at a time when competitive individualism and alienation are rampant Forging solidarity with and amongst communities is a means towards that end and indeed an end in itself Corporate mines and agribusiness poison the water we drink the air we breathe and the food we eat Together with their political proxies they destroy the earth and her peoples too many are killed because of their military economic religious and information wars How do we stand up for ourselves and the earth that nourishes us against this global system Forging Solidarity shares inspiring stories that feed our deep connection and power

Pregs Govender Author of *Love and Courage A Story of Insubordination* Forging Solidarity is a critical and timely collective intervention that ponders prods pokes and plays in the most generative ways In so doing it invites us to continue deepening our engagements with questions of responsibility and justice in relation to education everywhere Richa Nagar author of *Muddying the Waters* Co authoring *Feminisms across Scholarship and Activism* This book inspires people to realize that not fighting against socio economic injustices is to side with oppressors Ntombi Nyathi Programme Director of Training for Transformation

Van Kranendonk, Vickie Bennett, Elis Hoffmann, 2018-09-26 Earth's Oldest Rocks Second Edition is the only single reference source for geological research of early Earth This new edition is an up to date collection of scientific articles on all aspects of the early history of the Earth from planetary accretion at 4 567 billion years ago Ga to the onset of modern style plate tectonics at 3 2 Ga Since the first edition was published significant new advances have been made in our understanding of events and processes on early Earth that correspond with new advances in technology The book includes contributions from over 100 authors all of whom are experts in their respective fields The research in this reference concentrates on what is directly gleaned from the existing rock record to understand how our planet formed and evolved during the planetary accretion phase formation of the first crust the changing dynamics of the mantle and style of tectonics life's foothold and early development and mineral deposits It is an ideal resource for academics students and the general public alike Advances in early Earth research since 2007 based primarily on evidence gleaned directly from the rock record More than 50% of the chapters in this edition are new and the rest of the chapters are revised from the first edition with more than 700 pages of new material Comprehensive reviews of areas of ancient lithosphere from all over the world and of crust forming processes New chapters on early solar system materials composition of the ancient atmosphere hydrosphere and overviews of the oldest evidence of life on Earth and modeling of early Earth tectonics **Historical Dictionary of South Africa**

Christopher Saunders, Peter Limb, 2020-12-15 As the most influential and powerful country on the entire continent of Africa an understanding of South Africa's past and its present trends is crucial in appreciating where South Africans are going to and from where they have come South Africa changed dramatically in 1994 when apartheid was dismantled and it became a democratic state Since 2000 when the previous edition appeared further big changes occurred with the rise of new political leaders and of a new black middle class There were also serious problems in governance in public health and the economy but with a remarkable popular resilience too This third edition of Historical Dictionary of South Africa contains a chronology an introduction and an extensive bibliography The dictionary section has more than 600 cross referenced entries on important personalities as well as aspects of the country's politics economy foreign relations religion and culture This book is an excellent resource for students researchers and anyone wanting to know more about South Africa Seismic

Characterization of Carbonate Platforms and Reservoirs J. Hendry, P. Burgess, D. Hunt, X. Janson, V. Zampetti, 2021-08-17 Modern seismic data have become an essential toolkit for studying carbonate platforms and reservoirs in impressive detail Whilst driven primarily by oil and gas exploration and development data sharing and collaboration are delivering fundamental geological knowledge on carbonate systems revealing platform geomorphologies and how their evolution on millennial time scales as well as kilometric length scales was forced by long term eustatic oceanographic or tectonic factors

Quantitative interrogation of modern seismic attributes in carbonate reservoirs permits flow units and barriers arising from depositional and diagenetic processes to be imaged and extrapolated between wells This volume reviews the variety of carbonate platform and reservoir characteristics that can be interpreted from modern seismic data illustrating the benefits of creative interaction between geophysical and carbonate geological experts at all stages of a seismic campaign Papers cover carbonate exploration including the uniquely challenging South Atlantic pre salt reservoirs seismic modelling of carbonates and seismic indicators of fluid flow and diagenesis

Modern Trends in Diatom Identification Gabriel Cristóbal, Saúl Blanco, Gloria Bueno, 2020-05-28 High resolution images of phytoplankton cells such as diatoms or desmids which are useful for monitoring water quality can now be provided by digital microscopes facilitating the automated analysis and identification of specimens Conventional approaches are based on optical microscopy however manual image analysis is impractical due to the huge diversity of this group of microalgae and its great morphological plasticity As such there is a need for automated recognition techniques for diagnostic tools e g environmental monitoring networks early warning systems to improve the management of water resources and decision making processes Describing the entire workflow of a bioindicator system from capture analysis and identification to the determination of quality indices this book provides insights into the current state of the art in automatic identification systems in microscopy

Zero Hour: A Countdown to the Collapse of South Africa's Apartheid System Geoffrey Hebdon, 2022-07-15 This enlightening book focuses on the history of how the ethnic groups of Africa eventually joined by white colonizers from Europe created the seedbed for the hateful apartheid system in Southern Africa

The reader learns how apartheid began the dehumanizing effects it had on the black population and how it was finally abolished in its zero hour in 1994. Written by historian, writer and researcher Geoffrey Hebdon, this is the second in a series that covers the experience of a British citizen who emigrated to South Africa during that era and records in vivid detail his responses to the apartheid system and how South Africa and neighbouring countries evolved after apartheid was abolished. As well as the first European settlers and the white Afrikaners attempted enslavement of the black population, the book also covers the Zulu wars, the Anglo Boer wars and individuals who supported apartheid such as Cecil Rhodes and the Whites-only National Party of South Africa. Also covered are prominent leaders of the African National Congress (ANC) and the black revolutionaries who fought against apartheid, many of whom gave their lives or served life sentences for their struggle, including Nelson Mandela who became South Africa's first black president after serving years in prison.

Mintirho ya Vulavula Jabulisile Mhlambi, Sandile Ngidi, 2021-04-19. *Mintirho ya Vulavula: Arts, National Identities and Democracy* examines the role of arts and culture in development and specifically its value in consolidating our nascent democracy and in facilitating the transformation of South African society. Contributors to this edited volume interrogate the role of arts, culture and heritage from a transdisciplinary perspective, enriched by the cross-generational perspectives offered by young and older artists, cultural practitioners, activists and scholars. Authors also offer some policy recommendations on how the contribution of arts and culture to social cohesion and nation building can be enhanced.
