Belk, 2018-09-05 How do people communicate their romantic feelings Gift giving is one way Giving and receiving of gifts is a characteristic of intimate relationships Gifts are a message a form of communication with a tangible material object about love affection or concern for the recipient The romantic gift evokes a multitude of intertwined meanings passion intimacy affection persuasion care celebration altruism and nostalgia They can also connote the negative images of obligation and reciprocity Romantic gift giving may be practiced at rituals during rites of passage or for casual occasions to affirm the continued importance of the romantic relationship We may even romanticize the giving of gifts to the self to nonhuman companions and to others we do not know personally If loving and giving are a practice then romantic gift giving is a practice of loving with intimate or would be intimate others This book addresses gift giving among consumers attempting to express and construct romantic love It lies at the intersection of consumption markets and culture In societies shaped by the globalizing neo liberal economic order increasing wealth disparity and a partially digitized social environment that they help to co construct it may be time to rethink romantic love Gift giving is a key arena to do so as gifts make love tangible and act as carriers of meaning as well as cultural symbols In gift giving the meanings of romance are renewed
