What Standards (national or state) relate to this lesson? (You should include ALL applicable standards. Rarely do teachers use just one; they'd never get through them all.)	SS.1.C.2.1: Explain the rights and responsibilities students have in the school community. SS.1.C.2.2: Describe the characteristics of responsible in the school community. SS.1.C.3.1: Explain how decisions can be made or how conflicts might be resolved in fair and just ways.
Essential Understanding (What is the big idea or essential question that you want students to come away with? In other words, what, aside from the standard and our objective, will students understand when they finish this lesson?)	What is the importance of voting and how is it done?
Objectives- What are you teaching? (Student-centered: What will students know and be able to do after this lesson? Include the ABCD's of objectives: action, behavior, condition, and degree of mastery, i.e., "C: Given a sentence written in the past or present tense, A: the student B: will be able to re-write the sentence in future tense C: with no errors in tense or tense contradiction (i.e., I will see her	<u>Objective</u> Students will be able to explain the important of voting and participate in a mock election. <u>Lean statement</u> I can explain the importance of voting.

yesterday)." Note: Degree of mastery does not need to be a percentage.)	
Rationale Address the following questions: ☐ Why are you teaching this objective? ☐ Where does this lesson fit within a larger plan? ☐ Why are you teaching it this way? ☐ Why is it important for students to learn this concept?	Why are you teaching this objective? I am teaching this objective to teach children from an early age that voting is important and that they can make a difference. Where does this lesson fit within a larger plan? This lesson fits in with the larger plan on voting and elections that will be throughout the week. Why are you teaching it this way? I am teaching it this way to ensure that my students understand the vocabulary and can apply it in a real world situation. Why is it important for student to learn this concept? Although they can't do it no, students will one day be able to vote.
Evaluation Plan- How will you know students have mastered your objectives? Address the following:	Pre- and Post- Assessment: I have administered the pre-assessment to the students that consist of true and false questions and one short response. At the end of the two lessons that I will teach, I will give them this as a post-assessment to see how their understanding of the subject improved.
