Psychic Scotland Tom Rannachan, 2007-10-15 In *Psychic Scotland* Scottish psychic medium and paranormal investigator Tom Rannachan takes us on a dark journey through the supernatural side of his native land. He shares clairvoyant incidents that happened in the early days and some of the truly frightening paranormal experiences he has had. Witness Scotland through the eyes of someone who has been in contact with the other side since he was a young boy and read about the moments when he encountered the dark side of his country's history. *Psychic Scotland* takes us to some famous and not so famous haunted locations where the reader can relive Tom's experiences and the emotions he feels as long dead spirits make themselves known. Tom also describes the different methods that can be used for tuning in to a place with paranormal activity and explains how you can decipher what is fact and what is fiction when investigating ghostly phenomena. *Psychic Scotland* is a unique piece of work within this field. It is a history book, an autobiography, and a paranormal guidebook all rolled into one astonishing journey.

[Dreaming the Future](#) Clifford A. Pickover, 2001-03 For countless generations, people of every culture have practiced a broad range of dramatic and sometimes frightening techniques to peer into the future. In this fascinating book, acclaimed author Clifford Pickover presents a nearly exhaustive list of fortune telling techniques from the ominous practice of human sacrifice to reading clues on the Internet. Pickover not only explores a vast and colorful array of methods of prediction, including dreaming, he also evaluates the accuracy of some of the most astonishing prophecies made throughout history. Just how accurate were such famous soothsayers as Nostradamus, the Delphic Oracle, Edgar Cayce, the children of Fatima, whose third vision has only recently been revealed, and dozens more? This book takes us one step further by exploring our own inner psyches. Why does looking into the future provide a source of solace in a world filled with uncertainty, disease, and chance? And why do the most noted prognosticators so often warn of natural catastrophes of biblical proportions such as earthquakes and floods that will signal the end of the world? Through insight and wit, Pickover will unlock the door of your imagination with engrossing mysteries, intriguing illustrations, and even modern patents and computer techniques. Also included is a range of practical experiments and recipes from Stone Age to New Age. Prepare yourself for a strange but captivating ride.
