Culey,2018-11-06 We live in disruptive times The world is changing faster than ever before leaving people dazed businesses struggling economies floundering and societies fracturing But why Transition Point is the result of over five years of research to establish the answer a breathtaking tale of freedom unintended consequences and disruptive technologies that starts 1000 years ago and ends up in the second half of the 21st Century Starting with an examination into the drivers of technological change and the social economic and political factors that both enable or suppress it Transition Point explains why industrialisation happened where and when it did why progress comes in waves and why the technologies in the current wave such as robotics blockchain and AI are likely to be the most disruptive of all It then addresses the million dollar question what s next What impact will this wave have on our businesses our economies and most importantly on our society Culey explores how our current trajectory could result in a new golden age but also how it is just as likely to result in a digital dictatorship of compliance and constant surveillance Finally he explains why we may soon see Homo sapiens role as the dominant species come to an end As Klaus Schwab founder of the World Economic Forum stated We stand on the brink of a technological revolution that will fundamentally alter the way we live work and relate to one another In its scale scope and complexity the transformation will be unlike anything humankind has experienced before Transition Point explains why this is happening what it means and why the decisions we make now will prove to be critical Is Kraft working for Cadbury Great Britain: Parliament: House of Commons: Business, Innovation and Skills Committee,2011-05-23 In this report Is Kraft working for Cadbury HC 871 the

Business Innovation and Skills Committee considers undertakings given by Kraft to the Committee in the previous parliament on manufacturing and job retention The Committee is particularly concerned about a number of regrettable job losses at Cadbury headquarters in the months following the acquisition and about transfer of management functions away from the UK After evidence from Kraft the Committee was encouraged to hear of Kraft s recent recruitment into research at Cadbury and its investment in Cadbury manufacturing in this country Particularly welcome were the commitment to extending Kraft s international research activities at Bournville and the confirmation on the future of the Reading R D facility Some concerns remain notably around pay harmonisation and transfer of strategic brand management to Zurich The Committee trust that Kraft will now signal an extension of its commitment to Cadbury UK into the medium term through further sustained investment and that that the synergy savings to be made from the takeover will be invested back for growth at Cadbury UK In May 2010 the Takeover Panel criticised Kraft for its handling of the Somerdale factory closure announcement That decision was a serious matter and the Committee hope that Kraft will fully accept the Takeover Panel criticism and the particular responsibility that it brings to value the efforts of the Cadbury workforce Kraft must abide by its undertaking that the harmonisation of pay and conditions will not be about cost cutting
