## Chapter Five: Integer Programming

### **PROBLEM SUMMARY**

- |                                                                            |                                                                        |
|----------------------------------------------------------------------------|------------------------------------------------------------------------|
| 1. Integer model, graphical solution                                       | 29. Mixed-integer model, formulation and computer solution (5–28)      |
| 2. Integer model                                                           | 30. 0–1 integer model, computer solution                               |
| 3. Integer model                                                           | 31. Sensitivity analysis (5–30)                                        |
| 4. Integer model                                                           | 32. 0–1 integer model, computer solution                               |
| 5. Integer model                                                           | 33. 0–1 integer model, computer solution                               |
| 6. Integer model                                                           | 34. Set covering problem, 0–1 integer model and computer solution      |
| 7. Integer model                                                           | 35. 0–1 integer model and computer solution                            |
| 8. Mixed integer model                                                     | 36. Set covering problem, 0–1 integer model and computer solution      |
| 9. 0–1 integer model                                                       | 37. Facility location problem, 0–1 integer model and computer solution |
| 10. Mixed integer model                                                    | 38. 0–1 integer model and computer solution                            |
| 11. Integer model                                                          | 39. Scheduling, 0–1 integer model and computer solution                |
| 12. 0–1 integer model                                                      | 40. “Traveling salesman” problem, 0–1 integer model                    |
| 13. Integer (fixed charge) model, formulation and computer solution        | 41. Leasing selection; 0–1 integer model and computer solution         |
| 14. 0–1 integer model, formulation and computer solution                   | 42. 0–1 integer model and computer solution                            |
| 15. Set covering problem, integer model, formulation and computer solution | 43. Assignment, 0–1 integer model and computer solution                |
| 16. Integer model, formulation and computer solution                       | 44. Set covering problem 0–1 integer model and computer solution       |
| 17. Integer model, formulation and computer solution                       | 45. 0–1 integer model and computer solution                            |
| 18. Integer model, knapsack problem, formulation and computer solution     |                                                                        |
| 19. Integer model, formulation and computer solution                       |                                                                        |
