The Official Extreme Golf Manual Andrew Gellatly, 2005 Golfers often admit that the moment they grip a club in their hands they lose all sense of rationality For one thing some golfers simply don't know when to stop playing and you might see some of them trying to sink a putt on a busy city sidewalk These golfers haven't gone totally insane they've merely joined thousands like themselves who play the latest coolest variation on a famous old game They're playing extreme golf At last aficionados of extreme golf have their very own how to book The Official Extreme Golf Manual Here are ideas for playing a quick lunch break round on the street outside the office or on a ski slope during summer when it's too warm to ski or on an ice pond when the regular golf course has closed for winter Author Andrew Gellatly with tongue only slightly in cheek describes a variation called speed golf gives advice on proper attire while playing extreme golf and even offers information on participating in extreme golf competitions Finally he warns his readers about certain hazards often encountered by players of this unusual game and devotes a full chapter titled First Aid for Extreme Golfers Lovers of golf will love this book even if they finally decide to stick with more orthodox versions of the game Illustrations on most pages **Mergent International Manual**, 2002 **Golf Business**, 1980 *California.
