Music Instruction Manual shares years of information and experiences in the hope of legitimizing the field of private music instruction. In a world where there is decreasing priority and structure in public music education, private music instructors become increasingly important to prepare the next generation of musicians. No matter the size of your private music instruction business, the advice presented in *The Private Music Instruction Manual* will help to improve any private music business. From the Midwest Book Review: With *The Private Music Instruction Manual: A Guide For The Independent Music Educator*, author Rebecca Osborn draws upon her many years of experience and expertise as an adjunct college music professor and owner of three private music studies to write an informed and informative guidebook specifically for musicians and music instructors who want to teach students in a profitable private practice but are not familiar with or knowledgeable about setting up a music instruction business enterprise. Rebecca Osborne provides a wealth of invaluable professional, effectively organized and presented instructions on establishing and maintaining a music teaching business and shows what to expect professionally and financially from independent music instruction. If you want to make money teaching other how to play any kind of music instrument, then you need to give a careful and profitable reading to Rebecca Osborn's *The Private Music Instruction Manual*. To Finish First You Must First Finish Tony Murphy, 2023-04-26. Now in my eighties, I met scores of famous people within the motorcycle and car racing world and became lifelong friends with many of them. I did work and professionally road race for the Honda, Yamaha, and Bridgestone factory teams, win national championships for two of them, and be associated with Bombardier, maker of Ski Doo snowmobiles and Sea Doo watercraft, when they undertook the development and manufacture of the Can-Am, a North American off-road motorcycle to challenge the Japanese. I did also spend forty years importing Bombardier Rotax racing engines from Austria. I did do motorcycle development projects for several other manufacturers and even a motorcycle project for General Motors, then the largest corporation the world had ever known. I did win the Baja 500 off-road car race for another automobile manufacturer, American Motors, on a team sponsored by film star James Garner with teammate Bob Bondurant, a former Formula 1 race car driver. But all that was yet to come and in no way could I have portended what excitement, success, and personal notoriety lay ahead in my then young life. I did become living proof that the United States was truly the land of opportunity. If one was prepared to be dedicated and work hard, almost any dream could come true.
