them on a web site then still ever increasing as people copied the text from their screens and re posted it on other sites So common has this become that today anyone with Web access can read these stories free So why should anyone want to pay for this anthology Aside from stubbornly clinging despite all apparent contrary evidence to the belief that a few decent people still think a living author deserves to be paid for their work even if in this case that work is merely compiling copy editing and formatting the work of authors long dead one reason I hope is that my readers might be interested in what I read as a youth and what I think makes a great and scary ghost tale Regarding Internet incarnations of these stories the quality format and integrity vary Scanning devices make mistakes and many people who ve scanned and republished these stories online seem to have picked whatever book magazine or anthology was convenient for the purpose and in many cases have only published much later reprints with text omissions abridgments and typos while often making more typos I have tried to present the stories here as closely as I could to their original first published incarnations as I as a kid read most of them rather than simply copy them from later reprints recent anthologies or Internet sites While I can t resurrect the atmosphere in which I first read these stories either while perusing them in the dank and dark of a creepy old junk shop or alone in my room in the dead of night in a spooky old Victorian house nor conjure up the graveyard smell of dusty decomposing books still I hope you ll discover shivers and frights in these thirteen classic ghost stories Jess Mowry 2017
